Contracting Officer Representative Certification Program

Section 1 – Overview

1.1 Background
The quality and effectiveness of the federal acquisition process depend on the development of a capable and competent workforce. The Services Acquisition Reform Act of 2003, P. L. 108-136, expanded the definition of acquisition to include functions performed by Contracting Officer Representatives, such as managing and measuring contract performance and providing technical direction. The Office of Federal Procurement Policy (OFPP) Policy Letter 05-01, dated April 15, 2005, built upon this broader definition of acquisition workforce and required the Federal Acquisition Institute (FAI) to develop better standards for training and managing Contracting Officer Representatives.

On November 26, 2007, OFPP issued a memorandum entitled “The Federal Acquisition Certification for Contracting Officer Technical Representatives” establishing a structured training program for Contracting Officer Representatives that standardized competencies and training across civilian agencies. On September 6, 2011, OFPP issued a memorandum to revise requirements for the Federal Acquisition Certification for Contracting Officer Representatives to establish a three-tiered certification program to include the following factors:

- Level of risk and complexity present;
- Competency-based core training and assignment-specific training to achieve certification; and
- Experience requirements for Level II and III certifications.

1.2 Purpose
The purpose of the Department of Commerce (DOC) Contracting Officer Representative Certification Program is to provide the framework and establish procedures for implementation of the Federal Acquisition Certification for Contracting Officer Representatives. The certification program is designed to create a results-oriented acquisition workforce focused on partnering, performance, quality, and accountability that ensure Departmental resources are used and managed effectively throughout all phases of the acquisition life cycle.

1.3 Applicability
The Federal Acquisition Certification Contracting Officer Representative (FAC-COR) Certification Program is applicable to all individuals with delegated contracting officer representative (COR) responsibilities for Department of Commerce contracts including those designated as Assistant/Alternate Contracting Officer Representative or Task Managers. CORs who currently hold Certificates of Eligibility under the preceding certification program are grandfathered into the revised FAC-COR program at the same appointment level held as of December 31, 2011, with the exception of those certified at the Point of Contact/Order Contact (P/OC) level. **Individuals appointed a FAC-COTR – P/OC certification will be converted to FAC-COR Level I.** New COR candidates shall meet the requirements of this policy prior to appointment as well as any COR seeking recertification.

1.4 Program Objectives
The Contracting Officer Representative Certification program is designed to ensure that technical and program requirements of Department of Commerce acquisitions are effectively met. Successful implementation of the program will result in a qualified COR workforce with the requisite knowledge, skills, tools and techniques to perform delegated contract management duties thereby achieving program, business and mission goals and objectives.
1.5 Core Competencies
Contracting Officer Representatives play an important role in the acquisition process and require a substantial range of knowledge, skills and abilities to be applied towards achieving successful project outcomes.

The Federal Acquisition Institute (FAI), charged with promoting the development of a professional federal acquisition workforce, has identified and validated a set of professional business and technical core competencies necessary for Contracting Officer Representatives to develop the required basic skills.

Competencies combine knowledge, skills and abilities with behavior and other characteristics needed to successfully accomplish assignments in a Contracting Officer Representative environment. The essential COR professional business and technical competencies are summarized in Figures 1-1 and 1-2 respectively. A description of each competency is provided under Appendix B and also available on FAI’s website at: www.fai.gov under the Certification tab.

1.6 Certification Levels
The Department of Commerce has identified three levels for Contracting Officer Representative certification which are designed to facilitate the development of the necessary competencies needed to progress to management of contracts with higher complexity and higher contract management risk.

1.6.1 Contracting Officer Representative - Level 1
Level 1 standards target Contracting Officer Representatives responsible for contracts with relatively low complexity, low contract management risk, and estimated contract values up to $150,000. Competencies at this level are designed for management of fixed-price type contracts or cost-type contracts using simple performance metrics.
1.6.2 Contracting Officer Representative - Level 2
Level 2 standards target CORs responsible for contracts with moderate to high complexity, moderate to high contract management risk, and estimated contract values greater than $150,000 up to $10,000,000. Competencies at this level are designed for management of all types of contracts that have complex contract performance controls to develop, monitor and administer, such as award fees and incentive fees.

1.6.3 Contracting Officer Representative - Level 3
Level 3 standards target CORs responsible for contracts with moderate to high complexity, moderate to high contract management risk, and estimated contract values over $10,000,000. Competencies at this level are designed for management of acquisitions that require special attention due to the importance to mission or program function.

1.7 Roles and Responsibilities

1.7.1 Contracting Officer Representative
The functions and responsibilities of CORs are performed by individuals with various assigned titles as defined below in hierarchical order. Contracting Officer Representatives shall be appointed in writing by the Contracting Officer and this appointment cannot be re-delegated.

1.7.1.1 Contracting Officer Representative
The COR is responsible for providing overall management oversight and technical direction and other contract management duties assigned in writing by the Contracting Officer including contract closeout; furnishing technical direction; monitoring contract performance; maintaining an arms-length relationship with the contractor; communicating with the assigned Program/Project Manager; and entering their training and certification information in the Federal Acquisition Institute Training Application System.

1.7.1.2 Assistant or Alternate Contracting Officer Representative (ACOR)
An Assistant or Alternate COR is responsible for functioning as the technical representative of the Contracting Officer in the absence of the COR and/or assisting the COR in performing contract management duties.

1.7.1.3 Task Manager (TM)
A Task Manager is responsible for functioning as the technical representative of the Contracting Officer for tasks awarded against a master contract, including surveillance personnel responsible for monitoring contractor performance, supply schedule or other ordering agreement; and abiding by guidance and requirements provided by the COR for the underlying contractual vehicle.

1.7.2 Chief Acquisition Officer (CAO)
The Chief Acquisition Officer is responsible for developing workforce policies that apply the Contracting Officer Representative requirements to ensure CORs have essential competencies.

1.7.3 Senior Procurement Executive (SPE)
The Senior Procurement Executive is responsible for implementing the COR Certification program department-wide; developing the COR workforce; issuing certifications; and granting waivers.

1.7.4 Acquisition Career Manager (ACM)
The Acquisition Career Manager is responsible for reviewing and maintaining certification packages; providing oversight for program compliance; and developing and monitoring workforce policies which apply to COR certification requirements.
1.7.5 Senior Bureau Procurement Official (BPO)
The Senior Bureau Procurement Official is responsible for ensuring bureau compliance with the COR Certification program; reviewing applications for certification; reviewing waiver requests; assessing the appropriateness of continuous learning points (CLPs); and submitting certification and waiver packages to the SPE for approval.

1.7.6 Head of Contracting Office (HCO)
The Head of Contracting Office is responsible for submitting requests for certification to the BPO; and issuing final decisions with regard to cancellation of COR appointments.

1.7.7 Bureau Career Manager (BCM)
The Bureau Career Manager is responsible for serving as the designated bureau-level point of contact for the FAC-COR program; reviewing and analyzing certification packages for their Bureau procurement office; assisting FAC-COR candidates with identifying certification requirements; and ensuring communication regarding the FAC-COR program is disseminated to their Bureau’s COR community.

1.7.8 Contracting Officer (CO)
Contracting Officers are responsible for determining whether an individual contract action requires appointment of a COR; issuing COR appointments; canceling COR appointments; prescribing additional training requirements when deemed necessary; participating in the identification of appropriate Continuing Learning Points; and documenting COR performance.

1.7.9 Program Official
Program officials are responsible for monitoring compliance with Federal Acquisition Institute Training Application System reporting requirements.

1.7.10 COR Supervisor
The Contracting Officer Representative’s supervisor is responsible for nominating competent individuals as COR candidates; funding training necessary to meet COR certification requirements; incorporating contract management in COR performance plans when required; obtaining input from Contracting Officers on COR’s performance; and participating in the identification of appropriate continuous learning opportunities.

1.8 Management Information System:
Section 37(d) of the OFPP Act, as amended (41U.S.C. 433(d)) requires each executive agency to collect, maintain and utilize information to ensure effective management of the acquisition workforce. The Federal Acquisition Institute maintains a Government-wide acquisition career management information system that is used to track COR training and certification information. Program officials are responsible for establishing policies for maintaining complete training, certification, and continuous learning records for members of their Contracting Officer Representative workforce and ensuring information is entered in the career management system.

Contracting Officer Representatives must properly enter into the Federal Acquisition Institute Training Application System (FAITAS) information to reflect training, certification, experience, and continuous learning points; and are responsible for updating training information as necessary. Use of FAITAS is a mandatory requirement of the FAC programs and all CORs must be registered in FAITAS no later than February 15, 2012. To access FAITAS, go to: https://www.attrs.army.mil/faitas/External/Login/?ReturnUrl=%2ffaitas.

END OF SECTION 1
Section 2 – Certification Requirements

2.1 Background
The Department of Commerce Contracting Officer Representative certification program is a competency and experience based program that integrates project management competencies into the technical and acquisition training curriculum. Applying a project oriented approach to the COR certification program aligns the appropriate project management tools and techniques with the skills needed to successfully acquire goods and services and to initiate, manage, and closeout contractual vehicles.

2.2 Competency Model
The COR competency model represents the areas of knowledge needed to effectively and efficiently perform delegated contract management duties. Increased competence in the required areas will develop as an individual advances and accepts more challenging projects thereby gaining valuable experience in each area.

2.2.1 Business/Program/Industry Knowledge and Performance
Knowledge of laws, regulations and terminology, for a particular field, sufficient to work with, understand, and evaluate technical information and provide advice on technical issues related to a particular field.

Program officials are required to nominate individuals that have sufficient knowledge in the appropriate field related to the acquisition. Supervisors should nominate individuals that have gained knowledge in this competency area through formal training and on-the-job experience. This policy does not prescribe training in this competency area.

2.2.2 Core COR Competencies Knowledge and Performance
Sufficient professional business and technical skills, such as: problem solving, teambuilding, strategic planning and communications, to manage the business partner relationship with the Contracting Officer and the contractor. Core competencies required to perform as a COR should be acquired through both on-the-job experience and coursework. Federal Acquisition Institute offers online courses at no cost to meet COR competencies.

2.2.3 Project Management Knowledge and Performance
Knowledge and skillful application of principles, techniques, methods or tools for developing, scheduling, coordinating, and managing projects and resources, including monitoring and inspecting costs and contractor performance. The Commerce Learning Center (CLC) offers many online training courses in project management that will meet this competency area.

2.2.4 Acquisition Management Knowledge and Performance
Knowledge and application of various types of acquisition techniques, contracting methods, contract negotiation strategies, and contract administration procedures through coursework and experience. Appendix I contains a matrix of courses available through FAI that will meet the acquisition management competency area requirements.

2.3 Training Requirements
The Department of Commerce’s implementation of the Federal Acquisition Certification for Contracting Officer Representatives defines the requirements for training based on three levels of expertise. Achievement of FAC-COR is based on the requirements as outlined below and summarized in Figure 2-1, FAC-COR Certification Requirements.
For new CORs, training completed within the last five years can be applied towards meeting training requirements. For CORs with current Certificate of Eligibility under the previous DOC COR Certification program, training completed within the last five years can be applied toward achieving a FAC-COR Certification appointment at the next level. Effective January 1, 2012, CORs previously certified at the P/OC level will automatically be converted to the FAC-COR Level I.

</tbody>
</table>

1 Please note, course numbers and minimum CLPs are based on DAU offerings. However, courses obtained from other providers and commercial vendors containing course content comparable to DAU and FAI's curricula will also meet the requirement.
2.4 Continuous Learning
To maintain FAC-COR certification, Contracting Officer Representatives are required to earn 40 continuous learning points (CLPs) of skills currency training every two years, and demonstrate experience performing as a COR or conducting COR-related activities. Continuous learning points begin to accumulate on the date of certification. Failure to comply with CLP requirements nullifies the certification and its transferability to other agencies. Appendix C provides guidance on earning continuous learning points and assigning points to various developmental activities. Appendix J provides a sample CLP maintenance worksheet that may be used to track CLPs necessary to maintain certification.

Continuous learning activities may include, but are not limited to the following:

- Training activities, such as teaching, self-directed study, and mentoring;
- Courses completed to achieve certification at the next higher level;
- Professional activities, such as attending/speaking/presenting at professional seminars/symposia/conferences, publishing, and attending workshops;
- Educational activities, such as formal training, and formal academic programs; and
- Experience serving as a COR on a contract.

Effective January 1, 2012, all CORs regardless of level, must demonstrate as part of continuous learning skill currency that they have actively served in the role of a COR performing contract management duties. Contract management experience includes tasks such as: validating invoices (i.e. comparing contractor's hours work to hours billed); monitoring and documenting contractor’s performance as authorized by the Contracting Officer; reporting any problems with contractor's performance, delivery requirements or noncompliance with the contract’s terms and conditions to the CO; conducting technical analysis; performing inspection and acceptance actions; documenting a contractor's performance in the past performance file; conducting and properly documenting market research; assisting the CO as a technical advisor; and other general COR-relevant tasks as identified by the CO and appropriate to the level certified.

2.5 Contracting Professionals and COR Training Requirements
Contracting professionals certified as Federal Acquisition Certification in Contracting (FAC-C) Level I or II are considered to have met the FAC-COR – Level II requirements and individuals certified as FAC-C Level III are considered to have met the FAC-COR requirements for FAC-COR Level III. However, a FAC-COR application package must be submitted in order to obtain a FAC-COR certification. Individuals with FAC-COR certification do not necessarily meet the requirements for FAC-C.
2.6 Program and Project Managers and COR Training Requirements

Program and Project Managers certified as Federal Acquisition Certification for Program and Project Managers (FAC-P/PM) Mid/Journeyman Level are considered to have met the FAC-COR – Level II requirements and those with FAC-P/PM Senior/Expert certification are considered to have met the FAC-COR requirements for Level III. However, an application package must be submitted in order to obtain a FAC-COR certification. Individuals with FAC-COR certification do not necessarily meet the requirements for FAC-P/PM.

2.7 Additional Training Requirements

In addition to the training required for FAC-COR certification, Contracting Officers may require CORs to complete additional training applicable to a specific acquisition. Additional training may include topics such as: Construction Contracts, Task Order Contracting, Earned Value Management, or Homeland Security Presidential Directive 12 (HSPD-12) training.

2.8 Training Providers

2.8.1 Federal Acquisition Institute Sponsored Training

The Federal Acquisition Institute manages the Acquisition Workforce Training Fund to ensure that equitable training opportunities are available for all civilian agencies. FAI uses the training fund to offer Defense Acquisition University (DAU) equivalent training courses to civilian agency employees at no charge. Employees can view the current FAI course schedule and register for courses at: https://www.atrrs.army.mil/channels/faitas/student/logon.aspx?caller=1.

All courses outlined in the core COR competency training requirements are available online through FAI. In addition, many courses that meet the project management and acquisition management competencies are available through FAI. As the Department of Commerce has a limited number of quotas for FAI sponsored classroom courses, the Acquisition Career Manager will review each registration to ensure quotas are effectively managed.

2.8.2 Defense Acquisition University Training

The Defense Acquisition University training courses are available to civilian agency employees at no charge. Employees can view the current course schedule and register for DAU training courses at: https://www.atrrs.army.mil/channels/faitas/student/logon.aspx?caller=1. All courses outlined in the core COR competency training requirements are available online through DAU.

2.8.3 Commerce Learning Center

The Commerce Learning Center (CLC) has a variety of online courses available including project management courses that meet these competency requirements at: http://www.hr.commerce.gov/Employees/TrainingandDevelopment/DEV01_006037.

2.8.4 Other Training Providers

Other courses or combination of courses covering the required competencies may be acceptable. Course content material shall be compared to the required competency areas to ensure compliance.

2.9 Experience Requirements

Each COR, in due course of his/her training and progressive work responsibilities, is expected to build, strengthen and apply core capabilities acquired. The revised FAC-COR guidance includes implementing an experience-based certification tiered program, which considers level of risks and complexity present and various degrees of responsibility. To this end, CORs must demonstrate competency development of COR knowledge, skills and abilities by documenting
experience working on a contract(s) as a COR that details how the COR competencies as provided under Appendix B and found on the FAI web site have been achieved.

2.9.1 Requirements for Level I FAC-COR Certification
There is no experience required for a Level I FAC-COR certification.

2.9.2 Requirements for Level II FAC-COR Certification
A Level II FAC-COR certification requires a minimum of one year experience performing Level I COR duties within the last three years. Level II CORs may demonstrate experience in both pre- and post-award functions that include, but not limited to: developing requirements documents (i.e. Statements of Work/Objectives, cost estimates); collecting and analyzing market research data to establish technical requirements; identifying performance objectives, criteria, and measurements for evaluating proposals; participating in evaluations; providing CO with contract termination or close-out assistance; and other general or unique COR-relevant tasks.

2.9.3 Requirements for Level III FAC-COR Certification
A Level III FAC-COR certification requires a minimum of three years experience within the last seven years, of which two were performed as a COR Level II. As a senior COR, experience for a level III may be gained by performing acquisition-related activities in a leadership position such as the Program Manager; Integrated Product Team Lead or Project Lead performing specific duties such as, leading technical evaluation team, being recognized as the subject matter expert for the project or chairing the Source Selection Evaluation Board.

2.10 Certification Application Process
Program officials shall nominate competent candidates for Contracting Officer Representative certification. Nominees must initiate and prepare their applications for FAC-COR certification and submit the application package to their supervisor for endorsement. Nominees are responsible for producing certificates, transcripts, and records that provide evidence that they satisfy the requirements of the program. Application packages for certification shall include:

- Completed FAC-COR application form, including experience summary (Appendix D);
- Documentation of training (i.e., certificates or transcript);
- FAC Certification issued by another Federal Agency (if applicable).

The nominee’s supervisor shall assess the skills and competencies of the applicant and develop a plan for enhancing or adding to the nominee’s competencies, if appropriate. The supervisor shall forward the package to the Head of Contracting Office for endorsement. The HCO must forward the package to the Senior Bureau Procurement Official for approval. Once the BPO approves the application, the package shall be scanned and forwarded electronically to: FAC-COTRApplication@doc.gov

In the event that electronic submission is not available and prior approval has been received from the Acquisition Career Manager, packages can be forwarded to:

U. S. Department of Commerce
Office of Acquisition Management
Acquisition Career Manager
1401 Constitution Avenue, NW
HCHB Room 1854
Washington, DC 20230
The Acquisition Career Manager will review each application to determine whether the individual satisfies the requirements for the requested certification and forward the package, along with their recommendation, to the Senior Procurement Executive. In the event additional information is needed in order to make a determination, the application will be returned to the nominee, through the Bureau Career Manager, with a request to furnish supporting data.

The Senior Procurement Executive has final authority for certifying a nominee. Whenever the SPE determines that an employee does not meet the established criteria for certification, the SPE will furnish the employee, through the Bureau Career Manager, a written explanation of the reasons the request was denied. The employee’s immediate supervisor should develop a strategy that will assist the individual in obtaining certification by planning the employee’s work assignments and training to gain competency in the deficient areas. The strategy shall be documented in the nominee’s Individual Develop Plan.

2.11 Certification Waivers
The Senior Procurement Executive may waive the requirement for obtaining a certification, on a case-by-case basis, if granting a waiver is in the best interest of the Department. Waivers for FAC-COR certification may not exceed 12 months.

The Senior Bureau Procurement Official shall submit all requests for waivers to the Senior Procurement Executive with the following documentation:

- Written justification that includes reasons for and conditions of the waiver;
- Documentation and justification of the employee’s background and experience in the required competencies, and documentation to support plan for completion of the required competencies; and
- Outline of actions that will be taken if the conditions of the waiver are not met.

END OF SECTION 2
Section 3 – Nomination, Appointment and Cancellation Procedures

3.1 Nomination
Program officials shall nominate COR candidates who are technically competent in the field related to the specific acquisition and who have received FAC-COR certification at the appropriate level to support the contract action. **Program officials shall consider the amount of time the nominee is able to dedicate to performing delegated contract management duties.** In order to involve the COR in the end-to-end acquisition process, formal nomination shall be made at the onset of the acquisition planning process. A sample nomination letter is included in Appendix H. A copy of the nomination letter shall be provided to the Contracting Officer.

3.1.1 Nomination Requirements
Contract management duties for projects over $10M require the nomination and appointment of a Level 3 COR who can devote the necessary time to successfully perform all delegated activities. Supervisors of CORs, with the assistance of the bureau servicing human resources office, shall include contract management in performance plans of all Level 3 CORs. COR performance plans shall incorporate contract management as a separate critical element or include contract management language into an existing element. Sample contract management performance element language is provided in Appendix E, 5-Level Performance Rating System, and Appendix F, 2-Level Performance Rating System.

COR supervisors shall consider input from the cognizant Contracting Officer when preparing the performance rating of the COR employee. A sample COR Performance Evaluation is included in Appendix G.

3.2 Appointment
A COR appointment letter is required for every contract action where the Contracting Officer delegates contract management responsibilities to a COR. The Contracting Officer shall consider the complexity and dollar value of the acquisition, the candidate’s technical knowledge, experience, training, judgment, character, and reputation when appointing a COR. The COR candidate shall meet certification requirements, as evidenced by a FAC-COR. Assistant and Alternate CORs, Task Managers, including Surveillance Personnel shall be appointed in accordance with the same requirements applicable to CORs.

Before making an appointment the Contracting Officer shall consider the amount of time the candidate is able to dedicate to performing delegated contract management duties. The Contracting Officer may deem a COR candidate ineligible for a particular appointment if the candidate is unable to perform the delegated contract management duties successfully, given other demands on their time. For all Level 3 CORs, the Contracting Officer shall also ensure that contract management is included in the COR’s performance plan prior to appointment.

3.2.1 Delegation and Appointment Memorandum
The Contracting Officer shall issue a delegation and appointment memorandum upon determination that the nominee has received FAC-COR certification at the appropriate level to support the contract action and the nominee can dedicate the necessary amount of time for successful contract management.

The delegation and appointment memorandum shall at a minimum: identify the contract; state the roles and responsibilities of the COR; list the delegated contract management duties; and note the Contracting Officer’s authority to appoint a successor COR and/or withdraw COR appointments if it is
deemed necessary. The COR shall countersign the delegation and appointment memorandum to indicate they have read and accept the duties, responsibilities, and limitations of the appointment. As determined by the Contracting Officer, the delegation and appointment memorandum may also be signed by the COR's supervisor to indicate they recognize and accept the demands on the COR's time and performance. The Contracting Officer shall maintain a copy of the delegation and appointment memorandum and acknowledgement in the contract file. A copy of the delegation and appointment memorandum may be provided to the contractor. Sample delegation and appointment memoranda are provided in Appendix H.

If the COR candidate is performing pre-award tasks such as requirement development and proposal evaluation, it is recommended that (s)he be issued a COR appointment memorandum at that time that addresses both pre- and post-award responsibilities.

In addition to the delegation and appointment memorandum, Contracting Officers shall notify prospective CORs of their obligation to disclose any direct or indirect financial interest that would conflict with the COR's public duties, in accordance with Department Administrative Order (DAO) 202-735-A Employee Responsibilities and Conduct found at: http://www.osec.doc.gov/opog/dmp/daos/dao202_735-A.html.

3.3 Cancellation of Appointment
Contracting Officers have the authority to cancel COR appointments of individuals who are not satisfactorily fulfilling their contract management duties or staying within the limits of their COR authority. Cancellation actions shall be undertaken only in serious circumstances and only after the Contracting Officer has attempted to have the COR correct the problem. The Contracting Officer shall take this action only after consideration of the impact on the individual concerned, balanced with the obligation to manage contracts in a manner that safeguards the interest of the Department and the taxpayer.

The Contracting Officer shall document the basis for the decision and notify the COR in writing of the cancellation, providing five (5) work days for appeal to the HCO, or one level above the HCO if the HCO is the Contracting Officer. The appeal official shall render a decision within five (5) work days of the appeal. The appeal decision is final.

In urgent situations, the appeal period may be waived and an earlier decision issued. Upon written request by the COR, the appeal official may extend the appeal period.

APPENDIX J – SAMPLE CLPs MAINTENANCE WORKSHEET
APPENDIX A – DEFINITIONS

**Acquisition** - The acquiring of supplies or services (including construction) with appropriated funds by contract for the use of the Federal Government through purchase or lease, whether the supplies or services are already in existence or must be created, developed, demonstrated, and evaluated.

**Acquisition Career Manager** – The Individual appointed pursuant to OFPP Policy Letter 05-01 to lead the Department’s acquisition career management program. The Director of Commerce Acquisition Workforce and Policy Development Division has been designated as the Acquisition Career Manager.

**Acquisition Workforce** - Employees performing acquisition-related work. The acquisition workforce includes permanent civilian employees who occupy acquisition positions.

**Assistant or Alternate Contracting Officers Representative** – An individual who functions as the technical representative of the Contracting Officer in the absence of the COR and/or assists the COR in performing contract management duties. ACORs require the same level of training as CORs.

**Chief Acquisition Officer** – The Department’s Executive-level non-career employee designated pursuant to the Services Acquisition Reform Act (SARA) to advise and assist the head of the agency and other agency officials to ensure the mission of the agency is achieved through the management of the agency’s acquisition activities.

**Competencies** – Observable, measurable patterns of skills, knowledge, abilities, behaviors, and other characteristics than an individual needs to perform in occupational functions.

**Competency-Based Training** – Development activities specifically designed to achieve a high level of proficiency for a particular competency.

**Continuous Learning Points** - Continuing education or training opportunities such as agency-sponsored training and management/executive seminars, special job and/or professional association related projects and/or participation in seminars/workshops, or other appropriate developmental activities to remain current in the acquisition field.

**Contract** – A mutually binding legal relationship obligating the seller to furnish the supplies or services (including construction) and the buyer to pay for them. It includes all types of commitments that obligate the Government to an expenditure of funds.

**Contract Management Duties** – Specific activities performed by the acquisition workforce related to the administration of a contract from contract award through contract closeout.

**Contracting Officer** – Individuals designated authority to enter into, administer, and/or terminate contracts and to make related determinations and findings.

**Contracting Officer Representative** – A Federal employee delegated limited authority by a Contracting Officer to monitor and perform specific, enumerated contract management duties related to contract planning, contract administration, technical oversight, and closeout to ensure that contractor’s performance meets the standards set forth in the contract. Contracting Officer Representatives may be designated as Assistant/Alternate Contracting Officer Representative (ACOR) or Task Manager (TM).

**Core Training** - A course of study that meets FAC-COR competencies requirements for a certification level.
**Critical Skills** – Business and technical skills that are needed by a member of the acquisition workforce to sufficiently perform their duties.

**Defense Acquisition University** – A consortium of Department of Defense education and training institutions and organizations providing mandatory acquisition courses for certification.

**Earned Value Management** – A project management tool that effectively integrates the project scope of work with cost, schedule and performance elements for optimum project planning and control.

**Federal Acquisition Certification for Contracting Officers Representative** – A certification program establishing core training requirements for Contracting Officer Representatives in civilian agencies.

**Head of Contracting Office** - Individual’s designated to head the contracting offices within each operating unit that has designated contracting authority to award and administer contracts to the full limit of the Department’s contracting authority.

**Individual Development Plan** - Document used to plan an employee’s education, training, experience and other developmental activities for progression in the procurement career field. Developing the plan is a joint effort of the employee, supervisor, and possibly other knowledgeable persons in the training and/or acquisition fields.

**Program** – A group of related work efforts, including projects, managed in a coordinated way. Programs usually include elements of ongoing work.

**Program/Project Manager** – An individual who directs a group of related activities performed within a specified time period to meet a specific set of objectives.

**Program Official** – An operating unit head or Office of the Secretary manager who is responsible for carrying out specified substantive functions (i.e., programs) necessary for the performance of the Department’s mission.

**Project** – A specific investment having defined goals, objectives, requirements, life cycle costs, a beginning and end, and delivers a specific product, service or result.

**Senior Bureau Procurement Official** – The senior career procurement official, within each operating unit that has been delegated contracting authority.

**Senior Procurement Executive** - The official appointed pursuant to Executive Order 12931 and the Services Acquisition Reform Act (SARA) to carry out the responsibilities identified in both the Executive Order and SARA.

**Skills Currency** – Federal Acquisition Certification for Contracting Officer Representatives requires at least 40 hours of continuous education or training every two years to maintain certification.

**Simplified Acquisition Threshold** – A dollar value of $150,000, except for acquisitions of supplies or services that, as determined by the head of the agency, are to be used to support a contingency operation or to facilitate defense against or recovery from nuclear, biological, chemical, or radiological attack, the term means – 1) $300,000 for any contract to be awarded and performed, inside the US; and 2) $1M for any contract to be awarded and performed, outside the US.

**Waiver** – A provision that permits the Department of Commerce SPE to waive all or part of the FAC-COR requirements for an assigned program or project manager, if granting the waiver is in the best interest of the agency.
APPENDIX B – COR CORE COMPETENCIES

PROFESSIONAL BUSINESS COMPETENCIES

- **Attention to Detail**
  Is thorough when performing work and conscientious about attending to detail.

- **Decision-Making**
  Makes sound, well informed, and objective decisions; perceives the impact and implications of decisions; commits to action, even in uncertain situations, to accomplish organizational goals; causes change.

- **Flexibility**
  Is open to change and new information; adapts behavior or work methods in response to new information, changing conditions, or unexpected obstacle; effectively deals with ambiguity.

- **Influencing/Negotiating**
  Persuades others to accept recommendations, cooperate, or change their behavior; work with others towards an agreement; negotiates to find mutually acceptable solutions.

- **Integrity/Honesty**
  Contributes to maintaining the integrity of the organization; displays high standards of ethical conduct and understands the impact of violating these standards on an organization, self, and others; is trustworthy.

- **Interpersonal Skills**
  Shows understanding, courtesy, tact, empathy; develops and maintains relationships; deals with difficult people; relates well to people from varied backgrounds; is sensitive to individual differences.

- **Oral Communication**
  Expresses information to individuals or groups effectively, taking into account the audience and nature of the information; makes clear and convincing presentations, listens to others; attends to nonverbal cues.

- **Planning and Evaluating**
  Organizes work, sets priorities, determines resource requirements, determines goals and strategies; coordinates with other organizations, monitors progress; evaluates outcomes.

- **Problem Solving**
  Identifies problems; determines accuracy and relevance of information; uses sound judgment to generate and evaluate alternatives, and make recommendations.

- **Project Management**
  Develops and maintains a workable plan and manages resources to accomplish the overall goal of the project; plans, manages and follows through to ensure the smooth flow and timely completion of activities that deliver project results; anticipates obstacles or gaps that would impact project success and works to continuously improve the agency's capability to achieve success.
- **Reasoning**
  Identifies rules, principles, or relationships that explain facts, data or other information; analyzes information and makes correct inferences or accurate conclusions.

- **Self-Management/Initiative**
  Sets well-defined and realistic personal goals; displays a high level of initiative, effort, and commitment towards completing assignments in a timely manner; works with minimal supervision; is motivated to achieve; demonstrates responsible behavior.

- **Teamwork**
  Encourages and facilitates cooperation, pride, trust; fosters commitment; works with others to achieve goals.

- **Writing**
  Recognizes or uses correct English grammar, punctuation, and spelling; communicates information in a succinct and organized manner, produces written information that is appropriate for the intended audience.

**TECHNICAL COMPETENCIES**

- **Strategic Planning**
  Ability to advise customers on their acquisition-related roles and in the development and implementation of strategies needed to assure that supplies and services are available when needed to meet mission requirements.

- **Market Research (Understanding the Marketplace)**
  Ability to collect and analyze relevant market information and identify possible sources for the acquisition through effective market analysis and industry knowledge.

- **Defining Government Requirements in Commercial/Non-Commercial Terms**
  Ability to determine or develop offer evaluation factors that will discriminate between offerors and what tie back to the technical requirements included in the solicitation. Ability to determine the most appropriate method of acquisition for each procurement request.

- **Defining Contractual/Business Relationships**
  Ability to identify and select the most appropriate contractual terms and arrangements; for example, in pricing, financing, and payment methods.

- **Effective Communication/Solicitation of Offers**
  Ability to manage the solicitation process and adhere to procedures, including writing and publicizing the procurement, conducting discussions and conferences, and amending or canceling the solicitation when appropriate.

- **Detailed Bid Evaluation Skills**
  Ability to receive, handle, and evaluate bids adhering to proper procedures.

- **Proposal Analysis and Evaluation (Analytical Skills)**
  Ability to receive, handle, and evaluate quotations/proposals adhering to proper procedures. Ability to obtain proper disclosure of accounting practices and to determine if the firm's accounting practices comply with Government cost accounting standards.
- **Negotiation Skills**
  Ability to plan negotiation positions and prepare negotiation strategies. Ability to conduct a negotiation session and document the elements of the negotiated agreement.

- **Requirements Management (Effective Communication of Contract Requirements)**
  Ability to administer contract requirements and manage vendor relationships for effective delivery of goods and services.

- **Performance Management**
  Ability to monitor contract performance and take any necessary action and apply remedies to protect the rights of the Government. Ability to use performance metrics to evaluate actual performance against goals.
APPENDIX C –

GUIDANCE ON MEETING CONTINUOUS LEARNING POINTS

These guidelines reflect best-in-practice recommendations for continuous learning. Agencies retain flexibility and supervisors remain responsible for working with program and project managers to identify those activities and opportunities of greatest benefit to the professional development of an individual. The training, professional activities, education and experience that are used to meet the Continuous Learning Points (CLPs) requirements must be job related. NOTE: One training day is equal to six (6) hours unless the training certificate identifies Continuing Education Units (CEUs) or CLPs.

A. Training

1) **Awareness Training.** Periodically agencies conduct briefing sessions to acquaint the workforce with new or changed policy. Generally, no testing or assessment of knowledge gained is required.

2) **Learning Modules and Training Courses.** These may be formal or informal offerings from a recognized training organization, including in-house training courses/sessions, which include some form of testing/assessment for knowledge gained.

3) **Self-Directed Study.** An individual can keep current or enhance his or her capabilities through a self-directed study program agreed to by the supervisor.

4) **Teaching.** Employees are encouraged to share their knowledge and insights with others through teaching of courses or learning modules.

5) **Mentoring.** Helping others to learn and become more productive workers or managers benefits the agency and the individuals involved.

B. Professional Activities

1) **Participating in Organization Management.** Membership alone in a professional organization will not be considered as fulfilling continuous learning requirements, but participation in the organization leadership will. This includes holding elected/appointed positions, committee leadership roles, or running an activity for an organization that one is permitted to join under current ethics law and regulation. The employee and supervisor must first ensure that participating in the management of an organization is allowed by the agency.

2) **Attending/Speaking/Presenting at Professional Seminars/Symposia/Conferences.** Employees can receive points for attending professional seminars or conferences that are job related. However, the supervisor needs to determine that the individual learned something meaningful from the experience. Because significant effort is involved in preparing and delivering presentations, credit should be given for each hour invested in the preparation and presentation.
3) **Publishing.** Writing articles related to acquisition for publication generally meets the criteria for continuous learning. Points will be awarded only in the year published. Compliance with agency publication policy is required.

4) **Participating in Workshops.** Points should be awarded for workshops with planned learning outcomes.

C. Education

1) **Formal Training.** Supervisors should use Continuing Education Units (CEUs) as a guide for assigning points for formal training programs that award CEUs. The CEUs can be converted to points at 10 CLP points per CEU.

2) **Formal academic Programs.** For formal academic programs offered by educational institutions, each semester hour is equal to one CEU. A three-hour credit course would be worth three CEUs and 30 CLP points, assuming that it is applicable to the acquisition function.

<table>
<thead>
<tr>
<th>SAMPLE ACTIVITIES</th>
<th>RECOMMENDED NUMBER OF HOURS</th>
</tr>
</thead>
<tbody>
<tr>
<td>Active Association Membership (in relevant subject area or program/project management association)</td>
<td>5 hours for an active membership year OR 1 hour for each 60 minutes of activity attended during the year</td>
</tr>
<tr>
<td>Publication of P/PM/acquisition-related articles, technical papers, etc.</td>

<tr>
<td>1 credit hour (college course or ACE recommendation)</td>
<td>12 hours</td>
</tr>
<tr>
<td>Conference attendance</td>
<td>1 hour for each 50 minute presentation attended</td>
</tr>
</tbody>
</table>
D. Experience

Experience includes on-the-job experiential assignments and intra- or inter-organizational rotational career-broadening and developmental experiences. While supervisors and employees must use discretion in arriving at a reasonable point value to be awarded for rotational and developmental assignments, a sliding scale is recommended. Suggested points for such assignments are in the table below.

The assumption is that longer assignments are more beneficial than shorter assignments. The supervisor may feel that an individual may deserve more or less than the values shown. In determining the points for a rotational/developmental assignment, the supervisor should consider both the long-term benefit to the agency and the immediate benefit to the supervisor’s organization and the individual. For example, a second rotational assignment of the same sort would be less valuable than a different type of rotational assignment.

When experience or other activities are to be used to earn CLPs, certain principles should be followed. Supervisors and employees should pre-define, as closely as possible, the tasks to be accomplished, expected outcomes, and the learning opportunities. If it is an assignment, the individual should be mentored during the assignment. Accomplishment of a product, such as a briefing, a project design, a report, or other work product that shows the learning attained, is desirable. Sharing the knowledge and experience gained and the product with others in the organization is encouraged.

PART B – CERTIFICATION REQUIREMENTS

1. Training requirements: Provide all certificates or supporting documentation of training completion for applicable training below.

   FAC-COR Level I requires completion of a minimum of 40 CLPs of training that meets the FAC-COR Level I certification requirements consisting of the following (submit training certificates for each course):

   - A minimum of 7 CLPs earned in COR 100 - Contracting Officer Representative or equivalent course;
   - A minimum of 3 CLPs earned in CLC 004 - Market Research or equivalent course;
   - A minimum of 2 CLPs earned in FAC 018 - Green Purchasing for Civilian Acquisition or equivalent course;
   - A minimum of 2 CLPs earned in CLM 003 - Ethics Training for Acquisition or equivalent course;
   - A minimum of 2 CLPs earned in FAC 031 - Small Business Programs or equivalent course;
   - A minimum of 12 CLPs of Acquisition Management; and
   - A minimum of 12 CLPs of Project Management.

2. Acquisition and Project Management: Use table to identify acquisition and project management courses name, date completed and CLPs.

PART B – CERTIFICATION REQUIREMENTS

1. Training requirements: Provide all certificates or supporting documentation of training completion for applicable training below.

2. Elective: Identify course name, date completed and CLPs earned.

3. Experience: At least one year of experience providing technical oversight and direction on low to moderate risk contracts at Level I with little or no supervision within the last three years. Contract management experience includes but is not limited to: developing requirement documents, conducting market research, analyzing data to establish technical requirements, developing performance objective, criteria and measurements for proposal evaluations, participating in proposal evaluations and negotiations, providing technical analysis throughout the acquisition life cycle.

Training Requirements

FAC-COR Level II requires completion of a minimum of 40 Hours of training that meets the FAC-COR Level I certification requirements and the following additional courses (submit training certificates for Level I OR FAC-COR Level I certificate, and Level II training certificates):

- A minimum of 18 CLPs earned in Performance-Based Services Acquisition;
- A minimum of 3 CLPs earned in Source Selections; and
- One of the following electives:
  - Minimum of 3 CLPs – CLC 108 Strategic Sourcing
  - Minimum of 3 CLPs – CLC 013 Service Acquisitions
  - Minimum of 3 CLPs – CLC 027 Buy American Act
  - Minimum of 3 CLPs – CLM 031 – Improved Statements of Work
  - Minimum of 3 CLPs – CLC 028 – Past Performance Information
  - Minimum of 3 CLPs – FAC 034 – Interagency Acquisitions

COR Experience

In this section, provide a narrative of your experience working on a contract(s) as a COR, which should be a minimum of one year serving as a Level I COR. Beginning with your most recent experience, provide the following information in a narrative for each individual project to supports Level II experience requirement (please limit experience to the last three years) and add as many tables as necessary:

- Description of the project/program in which you served as a COR including its primary objective and/or any significant deliverables
- Tasks performed as a COR and percentage of time dedicated to performing COR-related duties
- Total time spent serving as a COR (all projects combined)

PART B – CERTIFICATION REQUIREMENTS

1. **Training requirements**: Provide all certificates or supporting documentation of training completion for applicable training below.

2. **Elective**: Identify course name, date completed and CLPs earned.

3. **Experience**: At least three years of experience, of which two were performing at the COR Level II providing technical oversight and direction moderate to high-risk contracts up to $10M within the last seven (7) years.

**Training Requirements**

FAC-COR Level III requires completion of training requirements necessary for appointment of a FAC-COR Level I and Level II, plus the following (submit FAC-COR highest level certificate appointed and any additional training certificates needed for Level III):

- [ ] A minimum of 18 CLPs earned in COR 222, Advanced COR Workshop or COR Refresher;
- [ ] Two Electives (minimum of 16 CLPs), choose any combination from Level II elective list as well as any listed below:
  - FAR Overview
  - IT Acquisitions
  - Administration of Cost Reimbursement Contracts
  - Task and Delivery Order Contracting
  - Incentive Contracts
  - Construction Contract Management
  - Emergency Contracting

## APPENDIX E – 5-LEVEL PERFORMANCE RATING SYSTEM

### 5-Level Performance Rating System

#### Sample COR Performance Element & Standards

<table>
<thead>
<tr>
<th>Element</th>
<th>Description</th>
<th>General Measures</th>
<th>Specific Measures</th>
<th>Standards</th>
<th>Feedback Source for Monitoring</th>
</tr>
</thead>
<tbody>
<tr>
<td>Contract Mgmt</td>
<td>Ensures the technical requirements of assigned contracts are met. Monitors the technical effort being performed under the contract. Communicates with the Contractor as necessary to ensure the contractor is making satisfactory progress in performance of the contract. Directs the flow of technical matters between the Government and the Contractor.</td>
<td>Quality</td>
<td>Timeliness</td>
<td>1. Outstanding Element objectives are achieved with maximum impact on organizational mission through exemplary work that demonstrates exceptional originality, versatility, and creativity. Activities and related tasks are carried out with the utmost effectiveness and reliability, rarely leaving room for improvement. Potential sources of unproductive conflict are anticipated and managed through creative alternatives. Cooperation and responsiveness are actively promoted. Written and oral communications related to the performance element activities are exceptionally convincing and typically result in new cooperative relationships.</td>
<td>Supervisory Observation; Contracting Officer Input</td>
</tr>
<tr>
<td><em>X</em> Critical ___</td>
<td></td>
<td></td>
<td>Regularly communicates with Contracting Officer. Resolves technical issues in a timely manner. Contract deliverables are on time. Submissions to the Contracting Officer are accurate and complete.</td>
<td>2. Commendable Element objectives are accomplished effectively and efficiently with consistently high levels of quality and quantity of work. Activities and related tasks are carried out in an efficient, orderly sequence that achieves thorough, timely, correct, and cost-effective results. Accepted procedures are carried out in a highly proficient and constructive manner, and problems are dealt with skillfully and resourcefully. Cooperative efforts are typically positive and productive. Written and oral communications related to the performance of element activities are unambiguous and convincing.</td>
<td></td>
</tr>
<tr>
<td>___Non Critical</td>
<td></td>
<td></td>
<td></td>
<td>3. Fully Successful Element objectives, activities and related tasks are completed with adequate quality and quantity of work. Procedures are consistently and correctly followed and problems are dealt with satisfactorily. Work methods demonstrate an acceptable degree of cooperation with others. Written and oral communication related to the performance of element activities are readily understandable.</td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td>4. Marginal Element objectives, activities and related tasks are completed with only a minimal quality and quantity of work. Procedures are minimally correct and problems are handled satisfactorily only after either intervention by the supervisor or coworkers or repetitive attempts. Work methods demonstrate a marginal degree of cooperation with others. The employee’s written communication usually considers the nature and complexity of the subject and intended audience. They convey the central points of information important to accomplishing the work. However, too often the communication is not focused, contains too much or too little information, and/or is conveyed in a tone that hinders achievement of the purpose of the communication. In communication to coworkers, the listener must question the employee at times to secure complete information or avoid misunderstandings.</td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td>5. Unsatisfactory Element objectives and activities are typically not successfully completed due to failures in quality, quantity, completeness, or timeliness of work. Products or services are deficient or unacceptably late due to untimely, inefficient, incorrect, or technically deficient guidance, direction and oversight. Problems that arise during the performance of element activities are not satisfactorily resolved, or must be resolved by the supervisors or co-workers. The oral and written expression the employee uses in accomplishing the work of this element lacks the necessary clarity for successful completion of required tasks. Communication failures interfere with completion of work.</td>
<td></td>
</tr>
</tbody>
</table>

APPENDIX H – SAMPLE NOMINATION, DELEGATION AND APPOINTMENT MEMORANDUMS
SAMPLE COR NOMINATION MEMORANDUM

MEMORANDUM FOR: ____________________________

FROM:  ____________________________
        COR’s Supervisor

SUBJECT:  Nomination Memorandum: Instructions to the Contracting Officer’s Representative

You are hereby nominated as [COR] for the [Title of Project]. The estimated life cycle cost for the acquisition is [$0000]. The effective management of this program/project is essential in order to protect the resources and interests of the Department. Your involvement in each phase of the acquisition process from advanced acquisition planning through contract close-out is essential to the effectiveness of this process.

This nomination is predicated on your qualifications as a certified COR in the Department of Commerce. You are responsible for maintaining your credential throughout the performance of your duties under this assignment. You are further responsible for applying best practices in acquisition management to all aspects of this effort.

You are responsible for complying with all requirements that the contracting officer sets forth during the acquisition process.

If at any time during the performance of your roles and responsibilities as COR you identify potential direct or indirect financial interests which would place you in a position where there is a conflict between your private interests and the public interests, in accordance with Department Administrative Order (DAO 202-735) Employee Responsibilities and Conduct which covers employee responsibilities and conduct for U.S. Department of Commerce personnel, you shall immediately advise me and the contracting officer of the potential conflict so that appropriate action can be taken.

This nomination is effective through contract award and your formal appointment as [COR] by the contracting officer.
SAMPLE COR APPOINTMENT AND DELEGATION MEMORANDUM

MEMORANDUM FOR: ____________________________

FROM: ____________________________

Contracting Officer

SUBJECT: Delegation & Appointment Memorandum: Instructions to the Contracting Officer's Representative

You are hereby appointed the Contracting Officer's Representative (COR) for Contract No. _________________________. You and your immediate supervisor are requested to sign the last page of this memorandum and return it to this office within 7 calendar days to acknowledge your appointment as COR and your receipt of this memorandum.

The Contracting Officer (CO) is the exclusive agent of the Government with authority to enter into, and administer contracts. Thus, the CO has the responsibility to see that all requirements of law and regulation are followed. However, as the CO's representative you are delegated the authority to monitor the technical effort being performed under the contract. You should familiarize yourself with the requirements of the contract, and communicate with the contractor as necessary to ensure the contractor is making satisfactory progress in performance of the contract. Other than the CO, you are the only Government employee who may direct the flow of technical matters between the Government and the Contractor.

A contract is a legally enforceable agreement that contains the rights and remedies of the parties. If the Contractor deviates from the terms of the contract, it is a matter between the Government (represented by the CO) and the contractor. You must keep the CO fully informed so that legally effective solutions can be applied to problems as they develop.

Your suggestions to the Contractor may be construed as instructions and lead to claims for additional compensation or to a release of the contractor from its obligations under the contract. Suggestions sometime work out, but often lead to misunderstandings. Therefore, while you can and must make technical decisions, do not take any contract administration actions unless they are clearly authorized by this delegation and appointment memorandum.

Your delegated responsibilities as the COR are to:

1. Advise on or determine a need for a product or service.
2. Collect and analyze market research data to establish technical requirements or identify potential contractors.
3. Develop the independent government cost estimate.
4. Establish requirements, prepare requirements documents, and write statements of work.
5. Define performance objectives, criteria, and measurements for evaluating proposals.
6. Establish technical terms and conditions of the solicitation.
7. Participate in contract negotiations.

8. Perform evaluations of bids and proposals.

9. Maintain an arms-length relationship with the contractor in the interest of procurement integrity as well as sound contract management.

10. Keep the CO fully informed of any technical or contractual difficulties encountered during performance. You should also advise the CO of any potential problem areas under the contract.

11. Assure the CO that the Contractor is performing the technical requirements of the contract in accordance with the contract terms, conditions, and specifications.

12. Inform the Contractor of failures to comply with the technical requirements of this contract, and inform the CO of any failures to do so, particularly if the Contractor does not make corrections.

13. Coordinate site entry for Contractor personnel, if applicable, complying with requirements of HSPD-12 in your role as a Sponsor.

14. Ensure that Government furnished property, if any, is available when required, and report any accountable property to the appropriate property personnel.

15. Ensure that all required items, documentation, data, and/or reports are submitted to you as required by the contract. If additional time is required by the Contractor, the Contractor should submit a formal request for a time extension to the CO through you. You should indicate your concurrence or state the reasons why you do not concur, and forward the request to the CO for finalization.

16. Evaluate proposals for and participate in negotiation of changes, modifications and claims at the request of the CO.

17. Review vouchers for cost-reimbursement type work and recommend approval by the CO if the Contractor's costs are consistent with the negotiated amounts and progress is satisfactory and commensurate with the rate of expenditure.

18. Review and approve invoices for fixed-price deliverables to ensure receipt of the goods and services.

19. Process all invoices and vouchers in a timely manner in accordance with the Prompt Payment Act.

20. Document actions taken and decisions that you have made as the COR, and maintain adequate records to sufficiently describe the performance of your duties as COR during the life of this contract. At a minimum, the COR file should contain copies of the following:

   a. COR delegation and appointment memorandum and acknowledgement.

   b. Contract and any modifications.
c. All contract correspondence.

d. Records of COR inspections.

e. Records of conversations with the contractor.

f. Invoices/vouchers.

21. Provide the CO with a copy of any correspondence you send to the Contractor.

22. If the contract is for construction or services and you visit the site where work is being performed, check to see that the Department of Labor and Equal Employment Opportunity posters and applicable wage determination rates are posted in full view of employees.

23. Perform final inspection and acceptance of all work required under the contract, including the review and approval of reports and assist the CO with contract closeout activities as requested. See Commerce Acquisition Manual Part 4, Chapter 3, on Contract Closeout for specific procedures.

24. Submit reports on contractor performance, such as the SF-1421 for A&E work.

25. Evaluate contractor performance in accordance with Federal Acquisition Regulations (FAR) Part 42.15 and acquisition office procedures.

In your capacity as COR you DO NOT have the authority to:

- Award, agree to, or sign any contract, delivery order or task order. All contractual agreements, commitments, or modifications shall be made only by the CO.

- Make any commitments or otherwise obligate the Government, or to make any changes to the contract.

- Grant deviations from or waive any of the terms and conditions of the contract.

- Impose or place a demand upon the Contractor to perform any task or permit any substitution not specifically provided for in the contract.

- Increase the dollar limit of the contract, or authorize work beyond the dollar limit of the contract, or authorize the expenditure of funds.

- Give direction to the Contractor or to the employees of the Contractor except as provided for in the contract.

- Change the period of performance.

- Authorize the purchase of equipment, except as required under the contract.

- Authorize the furnishing of Government property, except as required under the contract.

- Authorize subcontracting or the use of consultants.

- Approve shifts of funding between line items of the budget.
- Approve travel and relocation expense over and above that provided for in the contract.
- Authorize the use of overtime.

Your appointment as COR shall remain in effect through the life of the contract unless sooner revoked by the CO, and any such revocation of the appointment shall be in writing. If your appointment is revoked for any reason before completion of this contract, turn your records over to the successor COR or obtain disposition instructions from the CO. If you are reassigned or separated from service, request termination and relief from your duties from the CO sufficiently in advance of your reassignment or separation to permit timely selection and appointment of a successor COR.

If you have or may have direct or indirect financial interests, which would place you in a position where there is a conflict between your private interests and the public interests of the United States, you shall immediately advise your supervisor and the CO of the conflict so that appropriate action may be taken. You shall avoid the appearance of such conflict to maintain public confidence in the Government's conduct of business with the private sector. Note Department Administrative Orders 202-735 and 202-735A which cover employee responsibilities and conduct for U. S. Department of Commerce personnel.

[AS AN INDICATION THAT YOU HAVE READ, UNDERSTAND AND AGREE TO COMPLY WITH YOUR COR ROLE AND RESPONSIBILITIES, PLEASE COMPLETE THE NEXT PAGE OF THIS MEMORANDUM AND RETURN IT TO THE CONTRACTING OFFICER WITHIN 7 CALENDAR DAYS OF THE DATE OF THIS APPOINTMENT.]
MEMORANDUM FOR: (Contracting Officer)

The undersigned acknowledges the COR appointment on Contract No.________ and accepts the duties, responsibilities and limitations described in the delegation and appointment memorandum.

I understand and accept that you, as the Contracting Officer, reserve the authority to cancel this COR appointment in accordance with conditions set forth in the Department of Commerce COR Certification Program, set forth in Commerce Acquisition Manual 1301.670.

As such:

I agree to satisfy and perform the contract management duties assigned to me in accordance with the ethical standards of conduct for procurements and for federal employees.

I agree to diligently monitor the technical performance of the contractor to ensure that technical requirements under the contract are met by the delivery date or within the period of performance set forth in the contract.

I agree to partner with the CO by keeping him/her informed of any technical difficulties arising under the contract.

I agree to promote fair and open competition whenever possible.

I agree not to make any commitments or otherwise obligate the Government to make any changes to the contract.

I agree not to make any commitments or obligations that would otherwise go beyond the limits of my COR delegation.

APPENDIX J – CONTINUOUS LEARNING POINT WORKSHEET

Below is a sample template and instructions for the CLP Worksheet. Each CLP maintenance package should include the attached CLP Maintenance Worksheet or a similar format that includes all items listed below:

1. **FAC Certification Type:** FAC-COTR.

2. **Certification Date:** Date of Certification (the date in which you were issued a certification).

3. **Activity (Formal/Informal Training, Professional Activity):** Individuals should use this section to describe the activity in which they participated – *i.e.*, Training, Professional Activities, Education.

4. **CLPs:** Indicate how many continuous learning points are to be applied for the activity. Please reference Appendix C, which provide information on how to calculate and/or convert CLPs.

5. **Description/Topic:** Provide the course title, and or topic of activity.

6. **Provider:** Indicate vendor or supply where applied training was taken.

7. **Comment/Notes:** This section should be used to provide any additional information as it relates to the activity.

8. **Experience:** In accordance with CAM 1301.670, Contracting Officer Representatives must demonstrate as part of continuous learning skill currency that they have actively served in the role of a COR performing contract management duties. This section requires a summary of experience within the last two years serving as a COR and how the **COR competencies** identified under Appendix B and found on the FAI web site at: [http://www.fai.gov/acm/cotrcom.asp](http://www.fai.gov/acm/cotrcom.asp) has been achieved. Additional space may be added as necessary.
