Purchase Card Program

SECTION 1 – OVERVIEW

1.1 Background
Executive Order 12931, “Federal Procurement Reforms” dated October 13, 1994, sets forth requirements for Federal agencies to establish programs for reducing administrative costs and other burdens that the acquisition function may impose on the Federal Government and private sector. In accordance with Federal Acquisition Regulation (FAR) 13.201(b), the Government-wide commercial purchase card shall be the preferred method to purchase and pay for micro-purchases.

1.2 Purpose
The purpose of the Department of Commerce (DOC, Department) Purchase Card Program is to implement the General Services Administration SmartPay® Program for Government-wide commercial purchase cards within the Department of Commerce. The Purchase Card Program provides policy and guidance regarding the use of the purchase card and convenience checks issued under the purchase card program.

Operating Units are authorized to develop supplemental operational policies and guidance related to the purchase card, which may be more, but not less restrictive than the Departmental policy. Supplemental policies must be reviewed by the Office of Acquisition Management prior to implementation.

1.3 Applicability
The Purchase Card Program applies to Department of Commerce employees participating in the Government-wide purchase card program, including Agency Program Coordinators, Approving Officials, Cardholders and other associated personnel. Participation in the purchase card program shall be limited to DOC employees whose current appointments have durations exceeding one year.

1.4 Program Objectives
The primary objectives of the Purchase Card Program are to improve mission support, streamline the placement of micro-purchases, reduce administrative costs and paperwork, streamline payment procedures, improve cash management practices, and improve management controls, reporting and decision-making activities while ensuring the adherence to Federal and Departmental acquisition regulations, policies and guidance, and GSA SmartPay® master contract provisions.

1.5 Roles and Responsibilities
1.5.1 Senior Procurement Executive (SPE)
The Senior Procurement Executive is responsible for, but not limited to:
   a. Implementing and overseeing the management of the Purchase Card Program department-wide; and
   b. Approving deviations from purchase card program policies.

1.5.2 Senior Bureau Procurement Official (BPO)
The Senior Bureau Procurement Official is primarily responsible for, but not limited to:
   a. Implementing the Purchase Card Program within their Operating Unit;
b. Nominating agency program coordinators;
c. Developing supplemental guidance; and
d. Requesting deviations from purchase card program policies.

1.5.3 Purchase Card Program Manager
The purchase card program manager is primarily responsible for, but not limited to:

a. Serving as the contracting officer representative for the Department’s SmartPay® task order;
b. Serving as Level I Agency Program Coordinator (APC) for all Department charge card business lines (purchase, travel, and fleet cards);
c. Developing and updating DOC policies, procedures, and guidance for the purchase card program;
d. Serving as the primary point of contact for clarification of policy and contractual issues regarding the charge card program;
e. Serving as Chairperson on the purchase card program’s risk management team;
f. Liaising on behalf of the Department with the servicing bank;
g. Preparing reports to the Office of Management Budget and General Services Administration;
h. Maintaining delegations of authority for agency program managers;
i. Creating customized course curricula; and
j. Conducting internal control reviews for the purchase card program.

1.5.4 Head of Contracting Office (HCO)
The Heads of Contracting Office are primarily responsible for, but not limited to:

a. Managing the purchase card program within their respective contracting office;
b. Delegating authority to an agency program coordinator to manage the day-to-day operation of the purchase card program;
c. Delegating approving official and cardholder authorities with purchasing limits;
d. Authorizing the use of convenience checks;
e. Reviewing and approving agency program coordinators’ reports to ensure compliance with internal controls;
f. Terminating delegations and appointments;
g. Providing written certification to the SPE that cardholders, approving officials, and agency program coordinators have met annual refresher training requirements;
h. Identifying strategic sourcing opportunities; and
i. Reporting suspected fraud, waste, abuse, and/or misuse.

1.5.5 Agency Program Coordinator (APC)
Agency Program Coordinators are primarily responsible for, but not limited to:

a. Managing the Purchase Card Program for their respective Operating Unit;
b. Performing oversight functions;
c. Conducting monthly reviews on convenience checks (100% of transactions) to ensure compliance with internal controls;
d. Providing guidance to approving officials and cardholders;
e. Managing purchase card and convenience check accounts;
f. Reviewing cardholder and approving official transactions;
g. Maintaining bureau data within the servicing bank’s tool (i.e., hierarchies);
h. Maintaining records on completed training;
   - Assisting the HCO with development of Operating Unit-specific purchase card training;
i. Recommending terminations of purchase card delegations;
j. Terminating and suspending accounts for suspected fraud or abuse upon the direction of the HCO; and
k. Resolving billing discrepancies with the servicing bank.

1.5.6 Approving Official (AO)
Approving Officials are primarily responsible for, but not limited to:
- Providing pre-approvals of cardholder transactions;
- Ensuring charges were accurate;
- Ensuring purchases were for official Government business;
- Ensuring funds are available;
- Ensuring cardholders reconcile transactions and statements within the reconciliation timeframe;
- Reviewing transactions for appropriate documentation;
- Reconciling and certifying monthly statements in the absence of the cardholder;
- Maintaining reconciliation files;
- Ensuring cardholders are current with all program training requirements;
- Maintaining copies of cardholder training certificates;
- Resolving questionable transactions with the cardholder;
- Requesting changes to cardholder accounts;
- Reporting changes in cardholder status and administrative changes to cardholder accounts;
- Ensuring cardholders report lost, stolen or compromised cards to the agency program coordinator; and
- Reporting suspected instances of waste, fraud, abuse and/or misuse;

1.5.7 Alternate Approving Official
The alternate approving official serves as the approving official if the appointed approving official is unable to perform their assigned duties due to an extended absence.

1.5.8 Cardholders
Cardholders are primarily responsible for, but not limited to:
- Making authorized purchases for official Government business only;
- Obtaining valid purchase requests with certified funds;
- Obtaining all required justifications and approvals;
- Complying with Federal, Departmental and Operating Unit laws, regulations, policies and guidance as it relates to use of the purchase card;
- Complying with spending limitations;
- Maintaining a monthly purchase card ordering log for all transactions;
- Maintaining transaction files in accordance with records retention requirements;
- Complying with internal control procedures;
- Reconciling accounts and disputing unresolved or invalid transactions;
- Safeguarding the purchase card and account information;
- Reporting unauthorized use, lost, stolen, or compromised cards;
- Complying with accountable property procedures; and
- Reporting suspected fraud, waste, abuse, and/or misuse.

1.5.9 Convenience Check Writers
Convenience check writers have the same responsibilities as cardholders in addition to the following responsibilities:
a. Reviewing transactions against the bank statement and identifying any errors in the dollar amounts;
b. Reviewing scanned images of canceled checks in servicing bank’s electronic tool;
c. Tracking outstanding checks that may appear as transactions on future billing statements;
d. Maintaining convenience check transaction files in accordance with records retention; and
e. Maintaining documentation to support use of convenience checks.

1.5.10 Budget Officers/Financial Management Specialists
Budget officers and financial management specialists are primarily responsible for, but not limited to:
   a. Providing appropriate funding data for purchase card and convenience checking accounts;
   b. Maintaining accurate financial records; and
   c. Fulfilling financial management reporting requirements.

1.5.11 Designated Billing Office/Finance Office
Designated Billing Office/Finance Offices are primarily responsible for, but not limited to:
   a. Making payment to the Department’s servicing bank; and
   b. Notifying the APC of any billing discrepancies.

END OF SECTION 1
SECTION 2 – Establishing and Maintaining Accounts

2.1 Training Requirements
Cardholders, approving officials, and agency program coordinators shall document satisfactory completion of required training prior to nomination and appointment to the purchase card program. In addition, cardholders, approving officials, and agency program coordinators shall certify in writing that they have read and understood the policies and procedures outlined in Commerce Acquisition Manual 1313.301.

2.1.1 Single Purchase Limit up to the Micro-purchase Threshold
The single purchase limit for cardholders who are not in an acquisition position is generally the micro-purchase threshold. As defined in FAR 2.101, a micro-purchase is an acquisition of supplies or services, the aggregate amount of which does not exceed a threshold of $3,000, except for acquisition of construction subject to the Davis-Bacon Act, the limit is $2,000, and for acquisition of services subject to the Service Contract Act, the limit is $2,500. The monthly billing cycle limit is $10,000. Cardholders requesting a single purchase limit up to the micro-purchase threshold, agency program coordinators, and approving officials shall document satisfactory completion of the following training:

- GSA SmartPay® Online Training

2.1.2 Single Purchase Limit above the Micro-purchase Threshold
Single purchase limits above the micro-purchase threshold shall be limited to warranted contracting officers. In addition to the training outlined in paragraph 2.1.1, cardholders requesting single purchase limits above the micro-purchase threshold shall satisfy all contracting officer warrant requirements as outlined in Commerce Acquisition Manual 1301.6 (Figure 2-1) and obtain a contracting officer’s warrant issued by the Operating Unit Head of Contracting Office². The maximum single purchase limit for cardholders who are not in the General Schedule 1102 contracting series or 1105 purchasing series is $150,000.

Agency program coordinators and approving officials managing cardholder accounts with single purchase limits above the micro-purchase threshold shall meet all contracting officer training requirements outlined in CAM 1301.6, but are not required to obtain a contracting officer’s warrant.

¹ Check with your Agency Program Coordinator for information and schedule details on the in-classroom version of this course.

In addition to the education, experience, and training requirements, employees who are not employed by a contracting office shall meet the additional requirements outlined in CAM Chapter 1301.6 Section 4.8.
2.1.2.1 Training Waivers

The Senior Procurement Executive may waive the contracting officer training requirements on a case-by-case basis, for only agency program coordinators and approving officials managing cardholder accounts with a single purchase limit above the micro-purchase threshold, if the Operating Unit can demonstrate that internal controls are established and routine reviews are conducted by individuals with the requisite contracting officer training.

Regardless of cardholder account thresholds, agency program coordinators and approving officials cannot waive training requirements set forth in section 2.1.1 of this policy.

The Head of Contracting Office shall submit a written waiver request that includes:
- The name of the individual/organization requesting a training waiver;
- Description of internal controls;
- Review frequency; and
- Contracting officer training credentials (i.e., training certificates) of the individual(s) responsible for ensuring purchases made above the micro-purchase threshold are appropriately reviewed and meet all requirements subject to the FAR.

Waiver requests shall be submitted electronically to: PurchaseCardOversight@doc.gov.

2.1.3 Training Providers

2.1.3.1 Federal Acquisition Institute (FAI) Sponsored Training

The Federal Acquisition Institute manages the Acquisition Workforce Training Fund to ensure that equitable training opportunities are available for all civilian agencies. FAI uses the training fund to offer DAU-equivalent core training courses to civilian agency employees at no charge. Employees can view the current FAI course schedule and register for courses at http://www.fai.gov/drupal/training/training.

2.1.3.2 Defense Acquisition University (DAU) Training

The Defense Acquisition University training courses are available to civilian agency employees at no charge. Employees can view the current course schedule and register for DAU training courses in the DAU catalog at: http://icatalog.dau.mil/.

2.1.3.3 DAU-Equivalent Training

Several training providers offer courses that have been certified equivalent to DAU curriculum courses. DAU-equivalent courses can be used to meet the core training requirements. A list of DAU-equivalent courses and training providers is located at: http://icatalog.dau.mil/.

2.1.4 Refresher Training

Cardholders, approving officials, and agency program coordinators shall complete annual purchase card refresher training. Individuals are required to take the DOC Customized Purchase Card Refresher Training module located on the Commerce Learning Center (CLC) website at: https://doc.learn.com. Refresher training shall be completed no later than July 30th each fiscal year. Failure to complete required refresher training will lead to suspension of cardholder and/or approving official purchase card accounts until training is successfully completed.

Bureau Procurement Officials shall certify in writing refresher training status of individuals participating in the purchase card program. Written certification shall be sent to the SPE with a copy to the Office of Acquisition Management no later than August 31st of each fiscal year.

---

3 All 7 modules shall be completed in order to obtain a certificate.
2.2 Nomination Procedures

2.2.1 Nomination of Agency Program Coordinators
Senior Bureau Procurement Officials shall nominate prospective agency program coordinators that are responsible and possess the required business acumen to be entrusted with management and oversight of the purchase card program. Nominations shall be forwarded to the Head of Contracting Office and shall include applicable training certificates.

2.2.2 Nomination of Cardholders and Approving Officials
Operating Unit officials shall nominate prospective cardholders and approving officials\textsuperscript{4} that have demonstrated they are responsible and possess the required business acumen to be entrusted with a Government purchase card. Nominations shall be forwarded to the agency program coordinator and shall include a written justification for issuance of a purchase card along with applicable training certificates and proposed single purchase and monthly spending limits. A sample nomination memorandum is provided in Appendix B. Disapproved nomination packages will be returned to the requesting official with an explanation for the rejection.

2.3 Delegation of Procurement Authority

2.3.1 Agency Program Coordinator Delegation
The Heads of Contracting Office shall delegate authority to agency program coordinators to manage the day-to-day operations for the purchase card program for their Operating Unit by issuance of a Delegation of Procurement Authority memorandum. A sample delegation memorandum is provided in Appendix C.

2.3.2 Cardholder and Approving Official Delegation
Agency program coordinators shall review nominations and provide recommendation for approval or disapproval to their Head of Contracting Office. Upon approval of a nomination, the Head of Contracting Office shall delegate purchase card procurement authority to approving officials, and cardholders by issuance of a Delegation of Procurement Authority memorandum. Sample delegation memoranda are provided in Appendix C. Disapproved nominations shall be returned to the employee’s supervisor with explanation for disapproval.

2.4 Card Account Setup

2.4.1 Purchase Card and Approving Official Accounts
Upon approval of a cardholder’s and/or approving official's nomination package and issuance of delegated procurement authority by the Head of Contracting Office, the agency program coordinator will order a purchase card (for cardholders only), enter account profile data into the servicing bank’s tool and provide user access information and guidance.

2.4.2 Span of Control
Span of control refers to the extent of review responsibilities placed on a single approving official for the purchase card transactions of one or more cardholders. The number of cardholders assigned to an approving official should be reasonable, considering the volume of cardholder activity and the organizational structure, to enable an approving official to conduct reviews to ensure detection of possible cases of misuse and fraud. The approving official shall have direct knowledge of the cardholder’s role and must have the ability to verify receipt of goods or services. In accordance with the recommendations of the Government Accountability Office (GAO) Audit Guide dated November 2003, all approving officials shall have a maximum of seven (7) cardholders unless authorization to exceed that maximum is received in writing from the Head of Contracting Office.

\textsuperscript{4} Operating units are encouraged to nominate prospective approving officials in cardholders’ direct supervisory chain.
2.4.3 Separation of Duties
Separation of duties minimizes the risk of fraud and/or loss of property. The responsibilities of cardholder, approving official and agency program coordinator functions shall not overlap to ensure that management controls are not circumvented. Assignment of duties such as authorizing, approving, and recording transactions; receiving assets; approving cardholder statements; making payments; certifying funding; and reviewing or auditing shall be assigned to separate individuals to the greatest extent possible. In no instance shall an approving official be subordinate (organizationally) to a cardholder.

2.5 Account Maintenance
2.5.1 Changes in Cardholder Status
Upon change in cardholder status such as transfer, retirement, resignation or termination, cardholders shall stop using the card far enough in advance of their separation date, if possible, to allow outstanding transactions to be processed and reconciled before their separation. Cardholders shall destroy their card by cutting it in half and providing the destroyed card to their agency program coordinator or approving official, per bureau policy; advise the approving official of any outstanding transactions; provide the approving official with any remaining receipts or other documents related to outstanding transactions; and follow standard Operating Unit checkout procedures. Failure to comply with these procedures may result in a delay of official checkout. Approving officials shall determine when to close the account based on the outstanding transactions and shall notify the agency program coordinator. The agency program coordinator shall close the card account when it becomes apparent that a cardholder has separated from the Department, or their status has changed.

2.5.2 Changes in Approving Official Status
Upon change in approving official status such as transfer, retirement, resignation or termination, a new approving official shall be nominated and cardholder accounts shall be transferred. If it is not possible to establish a new approving official, cardholder accounts will be suspended. The agency program coordinator is responsible for ensuring that the new approving official receives and maintains the predecessor approving official’s records. If there is no successor approving official, the agency program coordinator shall retain custody of the records.

2.5.3 Changes to Purchase Limits
Requests to change a cardholder’s single purchase limit and/or monthly purchase limit shall be submitted by the approving official through the agency program coordinator to the Head of Contracting Office. Upon approval of changes to purchase limits, the Head of Contracting Office shall issue a new Delegation of Procurement Authority. Changes that would raise the cardholder’s single purchase limit above the micro-purchase threshold require the cardholder to be warranted as outlined in 2.1.2.

Temporary changes to a cardholder’s monthly purchase limit shall be submitted by the approving official through the agency program coordinator to the Head of Contracting Office. Approved temporary changes must be approved in writing by the HCO and time durations for the change shall be documented in the servicing bank’s tool as well as the cardholder’s file. Temporary changes shall not exceed one month. Changes exceeding one month are considered permanent, and shall be issued a new Delegation of Procurement Authority by the Head of Contracting Office.

2.5.4 Administrative Changes
Cardholders and approving officials shall notify their agency program coordinator in writing of any administrative changes such as name, address, or phone number. Upon written notification of administrative changes, the agency program coordinator shall make the appropriate change in the servicing bank’s system.
2.5.4.1 Other Changes to Accounts
Requests for merchant category code changes shall be submitted in writing by the approving official to the agency program coordinator. If approved, the agency program coordinator will process the merchant category code change.

2.6 Inactive Accounts
Accounts without any transactions within the preceding 18-month period are considered “inactive”. Inactive accounts shall be canceled unless there are extenuating circumstances, such as a reasonable expectation of future purchase requirements, or a history of requirements that have irregular buying patterns. Agency program coordinators shall perform semi-annual reviews of purchase card usage within their organizations and identify purchase card accounts that appear to be inactive, other than cards specifically requested for emergency use. Agency program coordinators shall provide the list of inactive accounts to approving officials and request justification to retain the accounts. Failure to provide the required justification will result in cancellation of the inactive accounts. A sample Inactive Account Memorandum is provided in Appendix D.

2.7 Emergency Use Cards
Operating Units may request purchase cards for emergency use. Employees eligible to receive an emergency use card are those who have been designated as “emergency employees” or “mission-critical emergency employees” under an emergency response plan or continuity of operations plan. Requests for emergency use cards must contain an appropriate justification, citing the anticipated circumstances under which they would be used. These cards may be issued in advance of an emergency and placed with trained cardholders for use immediately upon declaration of an emergency. Cardholders with non-emergency cards may continue to use their cards during an emergency to purchase products and services in accordance with the limits on their cards.

2.8 Suspension and Reinstatement
2.8.1 Account Suspension
Cardholder and approving official accounts shall be suspended for improper card use; failure to carry out responsibilities; failure to complete the required refresher training; or upon direction by the approving official, Head of Contracting Office, Purchase Card Program Manager, or Senior Procurement Executive.

Approving officials may request account suspension (via written format – i.e., e-mail, memorandum) for cardholders who are expected to be away from the office for more than six consecutive weeks.

After suspension of a cardholder’s account, the Head of Contracting Office shall revoke the cardholder’s purchase card delegation of procurement authority. Upon suspension, the cardholder is responsible for destroying the card by cutting it in half and providing the cut card to their approving official.

Before taking this action, the agency program coordinator shall consider the impact of cardholder’s account suspension on the affected organization and take appropriate steps to minimize any adverse impact.
2.8.2 Reinstatement
Agency program coordinators may reinstate cardholder and approving official accounts that have been suspended or closed, based upon an assessment of the circumstances. Prior to reinstatement of accounts that have been deactivated, suspended, or terminated for more than 12 months cardholders and approving officials shall retake required training for purchases up to the micro-purchase threshold.

2.9 Card and Account Security
Cardholders shall take appropriate precautions to protect the purchase card and account information. Cardholders are responsible for preventing others from gaining access to their cards or account information. Account information should be given only to vendors to complete a purchase transaction. Cardholders shall keep purchase cards and account information in a secured environment to prevent access by unauthorized personnel (i.e., locked desk drawer, or a locked safe – multiple cards are prohibited from being secured collectively). Cardholders shall not carry purchase cards on their person unless conducting an “over the counter” transaction. Cardholders may be held personally responsible for card and account misuse. The Head of Contracting Office may grant exceptions to cardholders whose positions require them to carry the purchase card on a continuous basis.

Cardholders shall exercise discretion in selecting reputable merchants in order to minimize the possibility of fraud. Prior to entering the purchase card number onto an internet website, the cardholder should ensure that the site is secure. Cardholders shall not transmit purchase card information over a facsimile machine. Cardholders shall not permit copies of their purchase cards to be maintained by merchants.

2.10 Lost or Stolen Cards
The cardholder shall report lost or stolen cards promptly to the servicing bank’s customer service office, the approving official and the agency program coordinator. Stolen cards shall be immediately reported to the DOC Office of Security if the theft occurred at a DOC facility or to the local police department if the theft occurred off-site. A replacement card with a new account number will be issued, usually within 24 hours. If a lost card is found after receiving a replacement card, it shall be destroyed. The cardholder may be held accountable for failure to report the loss of a card.

Cardholders shall provide a written notice to the servicing bank that includes the following information:
- Card number;
- Cardholder’s complete name;
- Date and location of the loss;
- Date reported to police (if stolen);
- Date and time the loss was reported to the servicing bank;
- List of any transactions made on the date the card was lost or stolen; and
- Any other relevant information describing the loss or theft.

END OF SECTION 2

---

5 The Department’s Office of Privacy and Open Government (OPOG) permits the transmission of charge card data (i.e., travel, fleet) via facsimile; however purchase card data is not permitted to be transmitted by facsimile.
SECTION 3 – Purchase Card Use

3.1 Purchases at or Below the Micro-Purchase Threshold
The purchase card may be used by cardholders to make purchases that are otherwise authorized by Federal, Departmental and Operating Unit laws, regulations, policies or guidance. **Cardholders shall not transfer their cards to or authorize their purchase card to be used by any person other person.** Cardholders shall comply with the following guidelines when making micro-purchases:

- Ensure purchases are allowable;
- Ensure availability of funds;
- Obtain required approvals;
- Distribute purchases equitably among qualified suppliers;
- Use Required Sources of Supplies and Services as set forth in FAR Part 8;
- Determine price reasonableness (i.e., obtain at least two prices from two different vendors);
- Do not split requirements;
- Do not exceed spending limits;
- To the maximum extent practicable, comply with requirements for Energy and Water Efficiency and Renewable Energy, use of Recovered Materials and Bio-based Products, and Contracting for Environmentally Preferable Products and Services as set forth in CAM Chapter 1323.70;
- Comply with Section 508 requirements as set forth in the Section 508 Rehabilitation Act (29 U.S.C.794d);
- To the maximum extent practicable, consider small businesses when making micro purchases; and
- Review vendor purchasing terms that may contain clauses that could result in an Anti-Deficiency Act violation (cardholders should consult with a Contract Law Division attorney as necessary).

3.2 Purchases Above the Micro-Purchase Threshold
In accordance with FAR 13.301, the Government-wide commercial purchase card may be used above the micro-purchase threshold, by contracting officers, to place a task or delivery order (if authorized in the basic contract, basic ordering agreements, or blanket purchasing agreements, and Federal Supply Schedules); or make payments, when the contractor agrees to accept payment by the purchase card. Cardholders with delegated authority to use the purchase card above the micro-purchase threshold shall comply with all requirements of Federal and Departmental acquisition laws, regulations, policies and guidance with respect to any purchase that exceeds the micro-purchase threshold. The cardholder shall adhere to the requirements for competition, public notice, socioeconomic requirements, use of appropriate provisions and clauses, and all other applicable requirements.

3.3 Allowable Purchases
The purchase card may be used to purchase commercially available supplies and services, including, but not limited to the items outlined in paragraphs 3.3.1 through 3.3.7 below.

3.3.1 Subscriptions
The purchase card may be used for subscriptions such as magazines, journals, and technical data. Cardholders shall ensure that a subscription does not automatically renew.
3.3.2 Telecommunications Charges
The purchase card may be used for monthly cellular airtime, monthly pager service and other recurring telecommunications charges, as long as the fiscal year total for each type of service does not exceed the micro-purchase threshold for services purchased on the open market. If the aggregate amount exceeds the micro-purchase threshold in a fiscal year this service shall be referred to the servicing acquisition office for issuance of a contract.

3.3.3 Construction Services
The purchase of construction services including but not limited to, construction, alteration, or repair (including dredging, excavating, and painting) of buildings, structures, or other real property shall not to exceed $2,000 aggregated within a fiscal year.

3.3.4 Training Courses
Training courses for individual or group training. In accordance with DOC Human Resource Bulletin #076, *How to Request Training and Development via the Commerce Learning Center (CLC)*, all cardholders shall have an approved Standard Form 182 Authorization, Agreement and Certification of Training prior to purchasing training. Customized training programs shall not be acquired using the purchase card.

3.3.5 Business Cards
The purchase card may be used to acquire business cards through the mandatory Federal Supply Schedule contract.

3.3.6 Conference Registration Expenses
The purchase of conference-related expenses such as registration fees (provided meals and/or lodging are *not* included), meeting spaces, audio and video equipment, or rental of booth space are authorized using the purchase card.

Cardholders shall not use the purchase card to pay for registration fees if conference registration includes meals and/or lodging. The DOC travel card is the appropriate method of payment for conference registration fees that include travel-related charges.

3.3.7 Parking of Government Owned or Government Leased Vehicles
The purchase card may be used to purchase commercially available parking spaces for Government Owned and GSA Leased vehicles. Payment for monthly parking spaces is authorized if the amount does not exceed the micro-purchase threshold. If the aggregate amount exceeds the micro-purchase threshold in a fiscal year, the requirement shall be referred to the servicing acquisition office.

3.4 Required Sources of Supplies and Services
Cardholders shall follow the required source of supplies and services of Federal Acquisition Regulations (FAR) Part 8. FAR Part 8 sets forth statutory requirements to acquire supplies and services from priority sources when available. Other sources should be considered for use only after the priority sources have been considered for fulfilling requirements. Cardholders should contact their acquisition office if they need assistance in determining if their requirement can be satisfied by a required source.

Cardholders shall satisfy requirements for supplies and services from the sources outlined in paragraphs 3.4.1 through 3.4.4.
3.4.1 Purchase of Supplies
In accordance with FAR 8.002, except as required by section 3.4.3, or as otherwise provided by law, cardholders shall satisfy requirements for supplies from the following sources, in descending order of priority.

- Inventories of the requiring agency
- Excess from other agencies
- Federal Prison Industries, Inc.
- Supplies which are on the Procurement List maintained by the Committee for Purchase from People Who are Blind or Severely Disabled; and
- Wholesale supply sources such as stock programs of GSA, the Defense Logistics Agency or the Department of Veterans Affairs, and military inventory controls points.

3.4.2 Purchase of Services
In accordance with FAR 8.002, cardholders shall satisfy requirements for services from the following sources, in descending order of priority, except as otherwise provided by law.

- Services which are on the Procurement List maintained by the Committee for Purchase from People Who are Blind or Severely Disabled.

3.4.3 Use of Other Mandatory Sources
In accordance with FAR 8.003, cardholders shall satisfy requirements for the following supplies or services from or through specified sources, as applicable:

- Public utility services (FAR Part 41)
- Printing and related supplies (FAR Subpart 8.8)
- Leased motor vehicles (FAR Subpart 8.11)
- Strategic and critical materials (i.e., metals and ores) from inventories exceeding Defense National Stockpile requirements (detailed information is available from the DLA Strategic Materials)
- Helium (FAR Subpart 8.5 – Acquisition of Helium)

3.4.4 Use of Other Sources
In accordance with FAR 8.004, if cardholders are unable to satisfy requirements for supplies and services from the mandatory sources listed in sections 3.4.1, 3.4.2, or 3.4.3, cardholders are encouraged to consider satisfying requirements from or through the following sources prior to considering the commercial market.

- **Supplies:** Government acquisition contracts, multi-agency contracts, and any other procurement instruments intended for use by multiple agencies, including blanket purchase agreements (BPAs) under Federal Supply Schedule contracts (i.e., Federal Strategic Sourcing Initiative (FSSI) agreements).

- **Services:** Federal Prison Industries, Inc. and sources listed in section 3.4.1.

3.5 Strategic Sourcing Vehicles
Cardholders are strongly encouraged to leverage DOC’s strategically sourced contracts. Per the order of preference outlined in sections 3.4.1 through 3.4.4, cardholders shall use strategic sourcing vehicles when purchasing applicable items. A list of the strategically sourced vehicles are available at: https://connection.commerce.gov/instructions-and-procedures/department-commerce-strategic-sourcing.
3.5.1 Personal Computers and Accessories
Cardholders shall use the Department of Commerce Personal Computer (PC) and Accessories Blanket Purchase Agreement (BPA), per the order of preference outlined in 3.4.1 for all personal computer and accessories acquisitions. Heads of Contracting Office shall designate cardholders who are authorized to order from the BPA.

3.5.2 Office Supplies
Cardholders within the Department of Commerce shall use the Federal Strategic Sourcing Initiative Office Supplies vehicle when ordering office supplies. Blanket exceptions are only applicable for PaperClips stores located at Commerce Headquarters (Hebert C. Hoover Building) and Census Bureau Headquarters (Suitland, MD). Other PaperClips stores (i.e., Department of Defense location) are not automatically excepted.

3.6 Information Technology (IT) Products and Services
All acquisitions for IT products and services must include an executed IT Compliance in Acquisition Checklist located at: http://home.commerce.gov/cio/ITSIITnew/IT_Security_Tools.html.

3.7 Green Procurement Program Requirements
Cardholders shall purchase green products and services to the maximum extent practicable, consistent with the requirements of FAR Part 23, Commerce Acquisition Manual 1323.70, Department of Commerce Green Procurement Program, and Federal green procurement preference programs. Programs covered under the Green Procurement Program include:
- Recovered Materials Products;
- Bio-based Products;
- Energy Efficient Products;
- Electronic Product Environmental Assessment Tool Products;
- Water Efficient Products;
- Non-Ozone Depleting Products; and
- Environmentally-Preferable Products and Services.

3.8 Section 508 Rehabilitation Act Requirements
Cardholders shall comply with the Section 508 Rehabilitation Act requirements by ensuring that requesting officials provide the required determinations and adequately documenting purchase card files. A sample Electronic and Information Technology Procurement Checklist for Section 508 compliance is provided in Appendix E. Approving officials should ensure cardholder compliance when reviewing and approving cardholder documentation of purchases.

3.9 Card Restrictions
3.9.1 GSA Government-wide Restrictions
In accordance with the GSA SmartPay® Program, the purchase card shall not be used for the following:
- Long-term rental or lease of land or buildings (long-term is generally defined as one year or more);
- Travel or travel-related expenses;
- Fleet or fleet-related expenses; and
- Cash advances.

---

6 BIS, NOAA, NTIA, and OS purchase requests for IT systems, equipment and software shall be reviewed by their cognizant OCIO prior to purchase to determine if the purchase request is "covered" for Supply Chain Risk Management (SCRM) purposes [Procurement Memorandum 2014-03, Supply Chain Risk Management Restrictions on Information Technology Acquisitions – Interim Guidance (Phase 1)].
3.9.2 Departmental Restrictions
Department of Commerce regulations and policies prohibit the purchase of supplies or services that should be placed on a travel card\(^7\) or fleet card\(^8\), including the purchase of gas or repairs for Department-owned or leased vehicles.

3.9.3 Federal Appropriations Law Restrictions
In accordance with principles of Federal Appropriations Law, the following items are generally prohibited from purchase with appropriated funds. As there may be authorized exceptions for certain items, cardholders shall obtain approval from the HCO, after legal review, and document the exception prior to purchase of any of the following items.

- **Entertainment**: Entertainment includes, but is not limited to, food and drink, receptions, banquets, music and artistic performances.

- **Food and Water**: The General Accounting Office (GAO) has held that in a variety of cases under the “necessary expense rule,” appropriated funds should not be used to pay for subsistence or to provide “free food” to government employees while at their duty stations. As such, bottled water and food items considered personal expenses.

- **Fines and Penalties**: Fines and penalties include, but are not limited to parking tickets and personal fines.

- **Gifts and Awards**: Gifts and awards or any type of item provided to honor employees (i.e., plaques, certificates, awards).

- **Personal Expenses and Furnishings**: Personal expenses and furnishings include, but are not limited to: convenience items, decorative items, clothing apparel, commuting expenses, personal membership fees, and personal qualification expenses.

3.9.4 Non-Appropriated Funds
Non-appropriated funds are permitted for activities that support the Department’s mission. Prior to purchase, cardholders shall obtain legal review to ensure the purchase is suitable. Cardholders shall ensure that proper documentation is recorded as required under Section 3.13.

3.9.5 Approvals Required Prior to Purchase
Cardholders shall obtain approval from their approving official and budget officer prior to making purchases. The items outlined in Figure 3-1, require additional approvals prior to purchase. Cardholders shall ensure that all required approvals are received and copies of mandatory documentation maintained in their purchase card transaction files.

### 3.10 Card Decline

If the purchase card is declined, cardholders shall contact the servicing bank’s customer service office or the agency program coordinator for assistance. The servicing bank’s customer service phone number is located on the back of the card. APC’s shall monitor card decline reports for questionable, suspicious, or fraudulent activity.

### 3.11 Receipt and Acceptance of Supplies and Services

Operating Units shall establish independent receipt and acceptance or subsequent review of items obtained with a purchase card. Cardholders shall arrange for immediate inspection of supplies to ensure orders are complete and items are in acceptable condition. Cardholders shall maintain delivery receipts and other paperwork regarding the transaction.

#### 3.11.1 Partial Deliveries

If partial deliveries are received, cardholders shall contact the merchant to determine the status on the remainder of the shipment. If delivery of remaining supplies will take more than 30 days, cardholders shall request a credit to their account. If the partial delivery becomes a dispute, the cardholder shall follow the servicing bank’s dispute procedures.

#### 3.11.2 Damaged or Unacceptable Supplies

Cardholders shall promptly return any damaged or unacceptable supplies. If the merchant agrees to replace the item and the new item is acceptable, the cardholder should authorize payment in
accordance with normal procedures. If the merchant refuses to replace the item, the cardholder
should follow dispute procedures.

3.11.3 Returning Supplies to Merchant
Cardholders shall return damaged or unacceptable merchandise to the merchant for issuance of a
credit to the purchase card. Cash refunds shall not be accepted. If the merchant is unwilling to
issue a credit, cardholders shall follow the servicing bank’s dispute procedures.

3.12 Reporting Accountable Property
When purchasing accountable or personal property with a unit cost of $5,000 or more (e.g., lab
equipment, scientific equipment, etc.), or “sensitive” items regardless of cost (i.e., computer
equipment, DVDs, televisions, etc.) as referred to in the Department of Commerce Personal
Property Management Manual, section 3.201, Accountable Personal Property and section 3.401,
Sensitive Items, cardholders shall forward the appropriate documentation approved for
procurement to their Property Official. A copy of all acquisition documentation must be included in
the cardholder’s transaction file.

3.13 Recordkeeping and Documentation
3.13.1 Purchase Card Ordering Log
Cardholders shall use the DOC finance purchase card ordering log within the Commerce
Purchase Card System (CPCS). Operating Units that reconcile transactions directly through the
servicing bank shall use the purchase card log located inside the servicing bank tool to record
transactions made at the time of purchase. A printed copy of the ordering log must be included in
the monthly reconciliation file.

3.13.2 Transaction File Documentation
The cardholder shall maintain a file for each purchase card and/or convenience check transaction.
Transaction files shall be accessible for review purposes and shall include, at a minimum:

- Request for purchase with available funds, signed and dated by the requestor;
- Required pre-approvals in accordance with section 3.9.5 (sample checklist located in
  Appendix M);
- Documentation of all post-purchase actions (sample checklist located in Appendix N):
  - Copy of online transaction, itemized receipts, and/or faxed verification of order;
  - Delivery receipt or packing slip;
  - Copy of appropriate Departmental property forms, if accountable personal
    property; and
  - Memorandum to the file to explain any unique circumstances for the
    transaction, as applicable.

Transaction files shall be retained for a minimum of three years from final payment for
transactions at or below the micro-purchase threshold and six years and three months for
transactions above the micro-purchase threshold.

3.13.3 Third Party Processors and Transactions
Third party credit card processors (i.e., PayPal, Groupon, and Amazon) shall only be used when
no other merchant can supply the product or service or meet delivery, quantity, or quality
requirements, and the merchant in question will accept payment only through the third-party
processor.

The use of third party processors is strongly discouraged because there is a greater risk of abuse,
issues involving disputed transactions, and difficulty identifying and reconciling transactions. It
may be difficult to reconcile the purchases because the transaction may appear under the name of the third-party processor instead of the merchant name.

If third party transactions are made, cardholders shall document the purchase card transaction file with the name of the merchant, the name of the third-party processor, the amount of the transaction, and a brief statement explaining why it was necessary to purchase the product or service from that merchant.

To avoid risks of misuse and abuse, agency program coordinators shall review and monitor a sample – at least 1%, of third party transactions on a monthly basis to ensure cardholders and convenience check writers use third party vendors appropriately and accurately document transaction files.

3.14 Reconciliation of Account
3.14.1 Cardholder Responsibilities
Cardholders shall compare each transaction listed on the purchase card ordering log with the itemized statement. Cardholders shall research transactions that are recorded on the monthly purchase card ordering log but fail to appear on the purchase card statement of account. Cardholders shall ensure that appropriate accounting codes are assigned to each transaction; certify the statement of account by signing and dating it; ensure all transaction files, purchase card ordering logs and statements of account are in the reconciliation files, and forward the reconciliation files to their approving officials immediately upon completion.

The reconciliation files shall include, in addition to the items outlined in section 3.13.2:
- Purchase card ordering log;
- Statement of account, signed and dated by cardholder;
- Printed copy of reconciliation; and
- Monthly transaction files.

If a cardholder knows in advance that they will be absent for the entire reconciliation period and not able to reconcile the Statement of Account, the cardholder shall forward the transaction files to the approving official. The approving official shall reconcile and sign a copy of the statement for the reconciliation file. Failure of the approving official to reconcile an absent cardholder’s account may cause all cardholder accounts under their purview to be suspended by the agency program coordinator. In the event the cardholder’s approving official cannot reconcile the cardholder’s transactions due to a lengthy absence, an alternate approving official shall be nominated and delegated authority to approve the purchase in the interim.

3.14.2 Approving Official Responsibilities
Approving officials shall ensure cardholders reconcile all transactions on the Monthly Purchase Card Ordering Log with the Statement of Account; review cardholder statements and verify that all items are for official Government use and comply with all applicable laws, regulations, policies and guidance; ensure cardholder has completed and submitted required property documentation to the appropriate property office; resolve any outstanding questions, verify, approve, and sign cardholder Statements of Account; and retain cardholder files for 3 years from final payment for transactions at or below the micro-purchase threshold and 6 years and 3 months for transactions over the micro-purchase threshold.

3.14.3 Disputed Transactions
Cardholders shall process disputes or questioned transactions using the servicing bank’s online disputes process\(^9\). If, after receipt of requested copies of the sales slip, the cardholder still does

\(^9\) Operating Units serviced by the Commerce Purchase Card System (CPCS) must also process disputes in CPCS.
not recognize the charge, the cardholder shall contact the agency program coordinator for assistance. The cardholder shall follow up on incorrectly billed items immediately with the merchant, as there is a 90-day time limit on reconciling disputed items.

3.15 Personal Liabilities
Cardholders and approving officials shall ensure that purchases made with the purchase card are in accordance with all Federal, Departmental and Operating Unit laws, regulations, policies and guidance. Cardholders and approving officials may be held personally liable for any action deemed by the reviewing official as noncompliant with laws, policies and regulations. In addition, if it is determined the transactions are made with the intent to commit fraud or constitute waste or abuse, the cardholder and approving official may face disciplinary actions under Department Administrative Order (DAO) 202-751, Discipline, and applicable Government-wide administrative procedures, including suspension and termination of employment.

3.16 FastPay Procedures
The Office of Financial Management (OFM) has authorized the use of FastPay for the payment of charge card accounts. Servicing finance offices may pay the invoices prior to receipt of Statements of Account in order to maximize rebates.

3.17 Refund Management
In accordance with Office of Management and Budget (OMB) Circular A-123 Appendix B, proper management of refunds is critical to ensuring that agencies maintain cost-effective charge card programs. In order to ensure that the Department is in the best position to maximize sales and productivity refunds it is important to ensure timely payments and initiate internal controls to ensure that appropriate purchase card use is maximized.

Unless specific statutory authority exists allowing refunds to be used for other purposes, refunds must be returned to the appropriation or account from which they were expended, and can be used for any legitimate purchase by the appropriation or account to which they were returned, or as otherwise authorized by statute.

END OF SECTION 3
SECTION 4 – Convenience Checks

4.1 Policy
Convenience checks shall only be used when no other merchant can supply the product or service or meet delivery, quantity, or quality requirements, and the merchant in question and for use with merchants that do not accept purchase cards, for emergency incident response, and for other Department approved purposes that comply with Public Law 104-134, the Debt Collection Improvement Act of 1996. Convenience checks shall not be issued to merchants that accept the Government Purchase Card.

Convenience checks issued under the Purchase Card Program are subject to all regulations and restrictions of the purchase card. The training, nomination, account setup and delegation procedures for the purchase card apply to convenience checks. Convenience check writers shall use the servicing bank’s electronic access system on-line ordering log, statements and reports.

Convenience checks are not electronic funds transfer compliant, are subject to a cash advance fee, and have a greater potential for fraud and abuse. Therefore, the use of convenience checks shall be minimized and should only be issued on a case-by-case basis. Heads of Contracting Offices shall encourage the use of alternatives to convenience checks as well as other services provided by the servicing bank.

4.2 Convenience Check Restrictions
Convenience checks shall not be used by individuals to write checks to themselves, or to any other individual or vendor for any of the following:

- Vendors who accept the purchase card;
- Cash advance or re-imbursement purposes;
- Salary payment or cash awards, or any transaction required to be processed through the payroll system;
- Employee reimbursements;
- Travel-related expenditures including tickets, meals, lodging and rental or lease of vehicles;
- Advance payments to vendors;
- Hazardous materials;
- Honorarium fee to a non-U.S. citizen or permanent resident alien not authorized to receive this payment in accordance with the terms and conditions of their visa;
- On-the-Spot awards; or
- Incentive awards to contractors or contract employees.

4.3 Convenience Checks for Foreign Invitational Travel
Convenience checks may be issued for travel-related tickets (Contiguous United States (CONUS) and Outside the Contiguous United States (OCONUS)) for expenditures including meals, lodging, and rental or lease of vehicles for foreign invitational travelers and foreign guest speakers.

In addition to the transaction documentation for convenience checks set forth in section 3.13.2 of this policy, a copy of the invitational travel order, the request for the advance, a copy of the travel voucher, and method of repayment (if any) shall be included in the transaction file.
4.4 Utilizing Convenience Checks
Convenience checks may only be written for the exact amount of the purchase. The Purchase Card Log must include, at a minimum:

- Check number,
- Merchant name,
- Merchant’s Tax Identification Number,
- Merchant address,
- Items purchased,
- Total dollar amount, and
- Reason why a convenience check was used.

Purchase Card Log information may be stored electronically in the servicing bank’s electronic access system. Cardholders shall maintain a log of the checks issued to them and perform an inventory monthly to ensure that no checks are missing. Missing checks shall be reported immediately to the servicing bank. Cardholders shall update the servicing bank’s electronic access system accordingly.

4.5 Oversight Review of Convenience Checks
Agency program coordinators shall conduct a 100% review of all convenience check transactions utilizing the servicing bank’s electronic access system. The servicing bank’s automated rules based data mining system provides electronic monitoring, email notification, and online review and documentation of questionable convenience check transaction details on a daily basis.

Approving officials and agency program coordinators shall monitor and review online reports and match questionable transactions to authorization documentation.

Approving officials and agency program coordinators shall monitor the number of checks issued to merchants on a fiscal year basis to identify merchants with five or more convenience check transactions and make referrals to the servicing bank for possible charge card acceptance.

Agency program coordinators shall continuously monitor convenience checks using the following automated online statistical reports and dashboard metrics:

- Total number of individuals authorized to write convenience checks;
- Total number of convenience checks written;
- Number of checks written over the micro-purchase threshold;
- Number of checks written under the micro-purchase threshold;
- Number of checks written to the same merchant;
- Ratio of check writers to approving officials;
- Number of cash advances or convenience checks written to “Cash”; and
- Number of checks written for foreign invitational travel and guest speakers.

END OF SECTION 4
SECTION 5 – Program Oversight and Surveillance

5.1 Management Controls
The purchase card program includes a variety of management controls designed to minimize purchase card misuse. Agency program coordinators shall ensure that management controls under their purview are followed and appropriately used to reduce potential card misuse and abuse.

5.2 Risk Management
The Office of Acquisition Management has established the Purchase Card Risk Management team to provide program expertise and support to help minimize risk of the purchase card program. The team shall be comprised of an agency program coordinator representative from each contracting office and the DOC Purchase Card Program Manager shall serve as chairperson. The purchase card risk management team shall meet at least quarterly to discuss recommended improvements to the program.

Agency program coordinators shall take actions to reduce the risk of card fraud, waste, abuse, and misuse. Approving officials and agency program coordinators can minimize risk by ensuring that Federal, Departmental and Operating Unit purchase card policies, laws, regulations, and procedures are followed, and that program effectiveness is monitored on a regular basis. Appendix F identifies typical purchase card factors that may result in elevated risk, along with recommended risk reduction methods. Approving officials and agency program coordinators should regularly assess their card programs to identify additional areas of risk and develop adequate risk mitigation strategies.

5.3 Reviews, Surveillance and Reporting
Purchase card data and statistics are important tools for managing the program and monitoring performance. The servicing bank’s automated rules based data mining system provides the capability to electronically monitor and review cardholder transaction details on a daily basis. APCs shall use the data mining tool to ensure and maintain the highest level of oversight visibility over the Department’s purchase card program. The servicing bank provides a variety of reports to assist agency program coordinators with managing their program. Appendix G provides a list of standard card management reports available in the servicing bank’s system. Agency program coordinators shall continuously monitor their programs using the following metrics:

Purchase Card Statistical Reporting Metrics:
- Number of cards;
- Number of cards that are for emergency use only;
- Number of active accounts;
- Number of accounts with convenience checks;
- Percentage of employees that are cardholders;
- Net number of new accounts (new less cancelled);
- Charge card dollars spent; total refunds earned; percentage of potential refunds earned;
- Number of cases reported to the agency Office of Inspector General for possible card misuse and/or abuse;
- Number of administrative and/or disciplinary actions taken for card misuse;
- Number of approving officials;
- Ratio of approving officials to purchase cardholders (span of control);
- Average number of monthly purchase card transactions reviewed per approving official;
- Number of cardholders with authority up to the micro-purchase threshold;
- Number of cardholders with authority over the micro-purchase threshold;
- Number and dollar amount of purchases up to the micro-purchase threshold;
- Number and dollar amount of purchases over the micro-purchase threshold;
- Number of inactive accounts;
- Number of inactive accounts cancelled; and
- Number of inactive accounts requiring a justification to maintain in an active status.

Convenience Checks Statistical Reporting Metrics:
- Total number of individuals authorized to write convenience checks;
- Total number of convenience checks written;
- Number of checks written over the micro-purchase threshold;
- Number of checks written under the micro-purchase threshold;
- Number of checks written to the same merchant;
- Ratio of check writers to approving officials; and
- Number of cash advances or convenience checks written to “Cash”.

5.4 Data Mining
Generally, data mining (sometimes called data or knowledge discovery) is the process of analyzing data from different perspectives, and categorizing, and summarizing the relationships into useful management informational reports and graphical displays. APCs may use the servicing bank’s automated data mining tool to analyze and electronically monitor daily transactional data to present potentially relevant results to decision makers. The automated data mining tool serves an essential internal control program function. It improves surveillance by highlighting selected transactions for APC review.

5.4.1 Merchant Category Code Surveillance
The data mining tool monitors, on a real-time basis, questionable or unauthorized merchant category codes for potential fraud, waste, abuse and misuse; split disbursements; and purchase card policy compliance. Figure 5-1 is a list of merchant category codes that are typically unauthorized for purchase card use:

**Figure 5-1 Unauthorized Merchant Category Codes**

Employees are required to report all instances of suspected fraud, waste, abuse, and misuse. Intentional or unintentional violations of the policies and procedures for purchase card or convenience check usage is considered misuse. Fraud is a criminal form of misuse involving willful deceit, misrepresentation of facts, or other practices designed to harm or deprive another of his or her rights, usually involving deception for personal gain. The distinction between fraud, waste, abuse and misuse is dependent upon the facts of each case.

All participants in the purchase card program are responsible for preventing fraud and the conditions that lead to fraud. Fraud often occurs when two or more individuals collude to circumvent the management controls in place to prevent fraudulent practices. Collusion may occur between merchants and cardholders, cardholders and approving officials, or between purchase card program participants and other employees.

### 5.5.1 Indicators of Fraud Waste Abuse and Misuse
Suspected purchase card fraud, waste, abuse and misuse often have the same or similar indicators. A determination of whether the misuse is fraudulent may only be possible after a thorough investigation. Therefore, all suspected cases must be reported. Agency program coordinators shall review bank purchase card data and reports on a regular basis to identify and investigate possible instances of fraud, waste, abuse and misuse. The following are examples of potential indicators of fraud, waste, abuse and misuse:

- Repetitive purchases from the same merchant in situations where the cardholder should be rotating purchases among more than one merchant;
- Missing purchase documentation;
- Cardholders or approving officials who allow others to use the card;
- Failure to safeguard purchase cards, convenience checks, or account information;
- Lack of oversight and surveillance;
- Unauthorized purchases;
- Payments made for items that were never received;
- Split purchases made to avoid spending limits;
- Failure to account for nonexpendable or sensitive items per property management procedures;
- Approval of cardholder purchases by someone other than the approving official;
- Cardholders returning items to a merchant for a store credit instead of a credit to their purchase card account;
- Attempted purchases that exceed the cardholder’s limits;
- Purchases that have been declined by the card system; and
- Cash advances or convenience checks written to “Cash”.

### 5.5.2 Reporting Suspected Fraud Waste Abuse and Misuse
Employees are responsible for reporting cases of suspected fraud, waste, abuse and misuse of the purchase card or convenience checks. Employees who suspect a cardholder of fraud, waste, abuse and misuse must immediately notify the approving official and the agency program coordinators.
coordinator. Agency program coordinators, upon learning of suspected fraud, waste, abuse and misuse shall notify the Office of Inspector General, the Head of Contracting Office, the servicing bank, and their supervisory chain. Immediate actions shall be taken to ensure that all instances of suspected fraud, waste, abuse and misuse are promptly reported and investigated.

APCs may use the case management tool in the servicing bank’s electronic access system to report, and track suspected fraud, waste, abuse and misuse cases to ensure accurate Office of Management and Budget quarterly reporting. The OIG may use the case management tool when conducting purchase card audits and fraud investigations.

5.5.3 Potential Consequences for Purchase Card Fraud Waste Abuse or Misuse

Violations of purchase card laws, regulations, policies and guidance may result in immediate suspension of the card and disciplinary action against the cardholder, approving official, or both. The range of disciplinary actions, which may vary with the severity of the infraction, will be applied in accordance with DOC employee relations, legal, and management guidelines.

Intentional misuse of the card will be considered an attempt to commit fraud against the U.S. Government, and in addition to the disciplinary actions, the individual may be subject to a fine of not more than $10,000, or imprisonment for not more than 5 years, or both under 18 U.S.C. 287.

Cardholders who intentionally misuse their cards may be held personally liable to the Government for the amount of any unauthorized transactions, plus interest and debt collection fees. Approving officials or others who collude with cardholders to misuse the card or to commit fraud, or who use their position or authority to cause misuse of the card, may also be subject to the disciplinary and criminal actions above.

Figure 5-2 lists potential consequences and penalties for fraud, waste, abuse and misuse of the purchase card. Agency program coordinators shall use the table as a guide for disciplinary measures, coordinating with the Office of Inspector General, Office of General Counsel, Office of Human Resources Management, and the employee’s supervisory chain as appropriate.

END OF SECTION 5
SECTION 6 – Program Review and Reporting

6.1 Program Reviews and Reports
Heads of Contracting Offices shall follow procedures outlined in this policy to conduct their reviews. Reviews shall be conducted monthly and quarterly to ensure that cardholders and approving officials adhere to applicable requirements. The primary objectives of the reviews are to assess:

- Compliance with laws, regulations and the Department’s purchase card policy;
- Efficiency of operations; and
- Adequacy of internal or management controls to help prevent fraud, waste and abuse.

6.1.1 Monthly/Quarterly Reviews and Reports
At the end of each billing cycle for the previous month, Heads of Contracting Office shall report on the status of the following purchase card elements: cardholder single purchase limits; convenience check transactions (100% review); third party vendor transactions (a minimum of 1% review); transactions where sales tax appears to be applied; and any transaction that has been identified as suspicious or unusual.

All monthly reports are due on the 20th of each month. If the 20th falls on a weekend, the report is due the following Monday (The month prior report is due the 20th of the following month – i.e. October report due November 20th). Monthly reports shall be completed using the reporting template found in Appendix H and uploaded in the Office of Management and Budget’s (OMB) Max portal.

6.1.2 Quarterly Reports
Heads of Contracting Offices shall review the purchase card program quarterly. The following steps shall be adhered in conducting quarterly program reviews:

- OAM shall use the servicing bank’s electronic tool to generate a random sample of cardholder and approving official’s transactions. This sample will be provided to APCs for quarterly review.
- APCs shall notify the program office of upcoming reviews and discuss the review objectives and methods to be used.
- The Purchase Card Management Review Checklist shall be completed by the agency program coordinator and approved by the Head of Contracting Office. The Purchase Card Management Review Checklist (Appendix J) documents the initial review of approving officials’ and cardholders’ transactions and records to determine compliance with procurement buying policies, regulations and procedures.
- Interviews shall be held with approving officials and cardholders to discuss how the purchase card program is working.
- APCs shall notify program offices of review findings and address strengths, weaknesses and recommendations for improvement.
- Summary of findings shall be completed by the agency program coordinator and approved by the Head of Contracting Office. Upon completion of all review checklists and interviews, the agency program coordinator shall complete the *Purchase Card Management Review Summary and Report* (Appendix K and Appendix L) for the Head of Contracting Office’s review and approval. The report documents strengths, weaknesses and areas of non-compliance identified in the checklists. The report must summarize any areas of concern or problems found during any aspect of the review and discuss what steps shall be taken to correct them. Specific examples should be cited whenever possible.

- The Head of Contracting Office may use the *Purchase Card Management Review Summary and Report* to discuss issues not addressed on the checklists, interviews or review of records, such as whether the card provider and the merchants are providing acceptable customer service.

6.2 **Office of Acquisition Management Reviews**

The Office of Acquisition Management may perform additional reviews (including on-site reviews), as necessary.

6.3 **Annual Charge Card Program Report**

The DOC Purchase Card Program Manager is required to review the Department’s Purchase Card Program annually following the close of each fiscal year and prepare a report. The report should include:

- Review, analysis, and recommendations for implementing innovative charge card management solutions and workflow processes to:
  - Improve management internal control over the purchase card program;
  - Strengthen oversight;
  - Streamline purchase card management processes; and
  - Demonstrate program trends.

**END OF SECTION 6**
APPENDICES
APPENDIX A – DEFINITIONS

**Abuse** – Use of a Government charge card or convenience check to buy authorized items, but at terms (e.g. price, quantity) that are excessive, or are for a questionable Government need or both.

**Accountable Personal Property** – Accountable personal property includes a property purchased, leased (capital leases), or otherwise obtained having a unit acquisition cost of $5,000 or more; land, regardless of cost; and items that are sensitive, including to but not limited to pilfer-able items.

**Agency Program Coordinator** – An individual who serves as the focal point for purchase card administration including establishing and maintaining accounts, and issuance and destruction of cards.

**Anti-Deficiency Act** – Federal statute that prohibits the purchase of goods or services for which funds are unavailable or have not been appropriated.

**Approving Official** – An individual responsible for oversight and monitoring of one or more designated cardholder’s compliance with established regulations and procedures.

**Bank (or Cardholder) Statement** – The official monthly statement provided by the servicing bank to cardholders. The bank statement identifies all of the cardholder’s purchase card transactions during the billing cycle.

**Business Line** – A group of charge card activities with common functional characteristics (i.e., Purchase, Travel, and Fleet).

**Cardholder** – An individual to whom a card is issued to buy goods and services in support of official Government business.

**Cardholder Account** – An account established for an authorized employee against which official Government charges can be made.

**Cardholder Reconciliation** – The process by which the cardholder and the approving official reviews the monthly bank statements and reconciles against available supplier receipts and purchase card ordering logs.

**Charge Card** – A plastic card, issued to an individual or an entity, with an underlying account that is used for making purchases or payments. A charge card is similar to a credit card, except that generally the balance must be paid in full upon receipt of the statement.

**Commerce Bankcard Center (CBC)** – Located in Kansas City, Missouri, the CBC provides primary support for the operation and administration of the DOC Purchase Card Program.

**Commerce Purchase Card System (CPCS)** – The Department of Commerce financial system used for reconciliation and payment of purchase card transitions.
Construction – means construction, alteration or repair (including dredging, excavating, and painting) of buildings, structures, or other real property. For purposes of this definition, the terms “buildings, structures, or other real property” include, but are not limited to, improvements of all types, such as bridges, dams, plans, highways, parkways, streets, subways, tunnels, sewers, mains, power lines, cemeteries, pumping stations, railways, airport facilities, terminals, docks, piers, wharves, ways, lighthouses, buoys, jetties, breakwaters, levees, canals, and channels. Construction does not include the manufacture, production, furnishing, construction, alteration, repair, processing, or assembling of vessels, aircraft, or other kinds of personal property (except that for use in FAR Subpart 22.5, see definition at FAR 22.502).

Construction, alteration, or repair means all types of work done by laborers and mechanics employed by the construction contractor or construction subcontractor on a particular building or site of work. This includes altering, remodeling, installations (if appropriate) on the site of work of items fabricated off-site; painting and decorating; manufacturing or furnishing materials, articles, supplies, or equipment on the site of work; transportation of materials and supplies between the site of work, and a facility which is dedicated to the construction of the building or work and is deemed part of the site of work; and transportation of portions of the building or work between a secondary site where a significant portion of the building or work is constructed, which is part of the site of work, and the physical place or places where the building or work will remain (FAR Subpart 22.4).

Continuity of Operations Planning (COOP) – COOP is the effort within departments and agencies to ensure the continued performance of minimum essential functions during a wide range of potential emergencies.

Contracting Officer – Individuals delegated authority by the Senior Bureau Procurement Official to enter into, administer, and/or terminate contracts and to make related determinations and findings.

Convenience Check – A check that may be written on an approved cardholder’s purchase card account, within established single purchase limits.

Convenience Check Log – A listing which includes, at a minimum, the convenience check number, the merchant’s name, the merchant’s Tax Identification Number (TIN) a or Employer Identification Number (EIN), merchant address, items purchased, total dollar amount and the reason why a convenience check was used.

Customer – Individual responsible for defining the requirement, submitting a purchase request with available funds, and completing required approvals.

Cycle Limit – The spending limit imposed on a cardholder’s cumulative purchases in a given cycle.

Delegation of Procurement Authority Memorandum – A memorandum that recognizes the purchase card holder as a procurement official, grants authorization to spend Government funds, and establishes the level of purchase authority.

Declined Transaction – A transaction for which authorization has been refused by the purchase card issuing bank’s transaction authorization system.
**Designated Billing Office** – The payment office within a Federal agency that receives the “official invoice,” which is a consolidated report listing all cardholder charges for the area the office serves. Treasury Financial Manual, Sect. 4520 Definition of Terms.

**Electronic Access System (EAS)** – The servicing bank’s Internet-based system which provides a variety of reports which assist in the effective management of the Purchase Card Program.

**Electronic Commerce** – The integration of electronic-based systems to support common business processes. For example, the purchase card contractor will provide invoices electronically to Federal agency designated billing offices and accept payments electronically from Federal Government payment centers, and will provide electronic access to account data and reports (Treasury Financial Manual, Sect. 4520 Definition of Terms).

**Environmental “Green” Purchasing** – The acquisition of supplies and services that promotes energy and water efficiency, advances the use of renewable energy products, and helps foster markets for emerging technologies.

**Federal Acquisition Regulation (FAR)** – The regulation for use by federal executive agencies for acquisition of supplies and services with appropriated funds, as set forth in 48 CFR § 1-52.

**Fraud** – Any act of corruption or attempt to cheat the Government or corrupt the Government’s agents, including but not limited to, the use of Government charge cards to transact business that is not sanctioned, not authorized, not in one’s official Government capacity, not for the purpose for which the card was issued, or not as part of official Government business.

**GSA SmartPay®** – The Federal Government's charge card program that provides Federal Government cardholders a means to pay for commercial goods and services, travel and travel-related expenses, and vehicle fleet expenses.

**Head of Contracting Office (HCO)** – Individual designated by the Senior Bureau Procurement Official to head the contracting offices within each operating unit that has designated contracting authority to award and administer contracts to the full limit of the Department’s contracting authority.

**Improper Purchase** – Purchase card transactions that are intended for Government use but are not permitted by law, regulation, or organizational policy.

**Internal Controls for the Purchase Card Program** – Measures taken to ensure program integrity, safeguarding of account information, and program effectiveness. Internal controls consist of the policies, procedures, training, organization, and surveillance governing the purchase card program.

**Merchant Category Code (MCC)** – A four-digit code used to identify the type of business a merchant conducts (e.g., gas stations, restaurants, airlines).
**Micro-Purchase** – As defined in FAR 2.101, an acquisition of supplies or services, using simplified acquisition procedures, the aggregate amount of which does not exceed the micro-purchase threshold.

**Micro-Purchase Threshold** – As defined in FAR 2.101 is an aggregate amount which does not exceed $3,000, except in the case of construction subject to the Davis Bacon Act, the limit is $2,000, and for acquisitions of services subject to the Service Contract Act, the limit is $2,500.

**Misuse** – Use of a federal charge card or convenience check by an authorized user for other than the official Government purpose(s) for which it is intended. Purchase card misuse can invoke DOC disciplinary action.

**Operating Units** – The following entities are considered operating units, as defined in Department Organization Order (DOO) 1-1 and in the Orders establishing the respective operating unit: Bureau of Economic Analysis (BEA), Bureau of Industry and Security (BIS), Bureau of Census (Census), Economic Development Administration (EDA), Economic and Statistics Administration (ESA), International Trade Administration (ITA), Minority Business Development Agency (MBDA), National Institute of Standards & Technology (NIST), National Oceanic & Atmospheric Administration (NOAA), National Telecommunications & Information Administration (NTIA), National Technical Information Services (NTIS), Patent and Trademark Office (PTO), and the Office of the Secretary.

**Purchase Card Ordering Log** – A manual or automated log in which the cardholder documents the individual transactions and screening for mandatory sources of supply, consideration regarding “green” purchasing, and any required Section 508 documentation when using the purchase card or associated convenience checks.

**Required Sources of Supplies and Services** – The priority of sources for procuring supplies and services as listed in the Federal Acquisition Register (FAR) 8.002, 8.003, and 8.004.

**Retention of Documents** – The storing of supporting documentation for purchase card transactions below the micro-purchase threshold for a period of 3 years in accordance with FAR 4.805 and GAO-08-368R. Transactions above the micro-purchase threshold shall be maintained for a period of 6 years and 3 months in accordance with FAR 4.805.

**Section 508 of the Rehabilitation Act** – Section 508 of the Rehabilitation Act of 1973 requires that Federal departments and agencies procure electronic and information technology in such a manner as to allow Federal employees with disabilities to have access to and use of information and data that is comparable to the access to and use of information and data by other Federal employees.

**Senior Bureau Procurement Official (BPO)** – The senior career procurement official within each operating unit that has been delegated contracting authority.

**Senior Procurement Executive (SPE)** – The official appointed pursuant to Executive Order 12931 and the Services Acquisition Reform Act of 2003 to carry out the responsibilities identified in both Executive Order and the Services Acquisition Reform Act. Pursuant to DOO 20-26, Director for Acquisition Management, the Director of
Acquisition Management is the Senior Procurement Executive for the Department of Commerce.

**Servicing Bank** – The financial institution and its associations, responsible for issuing DOC purchase cards as the result of a task order against the active GSA SmartPay® 2 Master Contract is JP Morgan Chase Bank and MasterCard association.

**Separation of Duties** – A mandatory management control to prevent key functions from being done by the same person. Important duties, such as making purchases, authorizing payments, certifying funding and reviewing/auditing will be assigned to different individuals to minimize the risk of loss to the Government to the greatest possible extent.

**Simplified Acquisition** – An acquisition of supplies or services conducted in accordance with the procedures of FAR Part 13. The Simplified Acquisition Threshold is currently $150,000.

**Single Purchase Limit (Dollars per Transaction Limit)** – The dollar limit imposed on a cardholder’s single purchase or payment transaction.

**Split Purchase** – Separating a requirement that exceeds a cardholder’s single purchase limit or threshold into two or more buys to the same vendor as a means of circumventing the cardholder’s purchase limit.

**Statement of Account** – Official document of all transactions (debits and credits) at the cardholder level posted during the billing cycle. The statement of account is not the official invoice.

**Strategic Sourcing** – The process of continually analyzing the way funds are spent in order to ensure DOC is making efficient and effective purchases by: leveraging sourcing power by seeking opportunities to achieve discounts on commonly purchased goods and services; and applying discounts to all charge card transactions, as appropriate.

**Third Party Processor** – A third party processor is a company that can accept credit card payments over the internet on behalf of an individual or another merchant (i.e., PayPal).

**Warranted Contracting Officer** – See Contracting Officer definition.

**Waste** – Any activity taken with respect to a Government charge card that fosters, or results in, unnecessary costs or other program inefficiencies.

- Ensure availability of funds before purchase.
- Ensure that the total amount of the transaction, including packaging, shipping, etc., does not exceed the single purchase limit or the amount of funds available for the transaction.
- Reconcile and document transactions.
- Use the card ethically.

You are the Government’s legal agent for each purchase made with the purchase card. You are legally responsible and accountable for each transaction. You must comply with all applicable regulations and procedures set forth in CAM 1313.301 and any Operating Unit Polices and or Guidance.

This delegation of purchasing authority is limited and is not subject to re-delegation by you. The delegation may be terminated at any time by written notice from the Agency Program Coordinator, the Head of Contracting Office, the Director, Office of Acquisition Management, or by the Office of the Procurement Executive.

I further certify that I:

- will only use the card and/or convenience checks for official purchases, within the dollar limitations designated for my card, and only when sufficient funds are available.
• will only purchase authorized products or services, and will seek guidance from the APC before making a purchase in any case where doubt exists as to the legitimacy of a purchase
• will protect the card and/or convenience checks from unauthorized use, and will immediately report the loss or theft of the card/checks in accordance with DOC procedures
• will surrender the card and/or convenience checks upon termination of employment and or elimination of purchasing responsibilities at any time upon the request of the APC
• will comply with all audit requests in a timely manner
• understand that willful misuse of the card and/or convenience checks may result in immediate cancellation of the card/checks and disciplinary action against me
• will not transfer or authorize my purchase card to be used by any person

# APPENDIX F – PURCHASE CARD RISK FACTORS

<table>
<thead>
<tr>
<th>Risk Factor</th>
<th>Description</th>
<th>Recommended Risk Reduction Methods</th>
</tr>
</thead>
</table>
| General risk of fraud, waste, abuse and misuse   | Ensure that the environment is not conducive to purchase card fraud, waste, abuse, and misuse. | • Conduct regular surveillance and annual reviews of all AOs and cardholders. Ensure that all violations are promptly identified and that corrective and/or disciplinary actions are taken.  
  • Publicize serious violations and the actions taken in response.  
  • Ensure that separation of duties exist so that an individual is not performing two or more purchase card functions for a transaction (cardholder and AO, AO and billing official, independent receipt and acceptance, etc.)  
  • Ensure that cardholders and AOs receive all necessary training and refresher training commensurate with their purchase limits.  
  • APCs and AOs shall ensure that appropriate authorities are requested and that no transactions using emergency authorities are utilized until specific delegation of that authority has been given by the CFO/ASA and communicated to the Operating Unit(s) by OAM. |
<table>
<thead>
<tr>

</tr>
</thead>
<tbody>
<tr>
<td>Newly appointed AOs and cardholders</td>
<td>Newly appointed AOs and cardholders have less experience with the purchase card program’s policies and procedures and may therefore have a higher risk of errors or misuse.</td>
<td>▪ Perform a limited review of all new AOs and cardholders within 90 days of their appointment to identify procedural errors or misuse.</td>
</tr>
<tr>
<td>Purchase card accounts that have few or no merchant category restrictions</td>
<td>Card accounts with few merchant category restrictions provide more flexibility for cardholders but may increase the risk of unauthorized purchases.</td>
<td>▪ Based on the types of products and services the card is being used to purchase, consider adding merchant category code restrictions to the account.</td>
</tr>
<tr>
<td></td>
<td></td>
<td>▪ Review cardholder transactions for suspicious purchases and follow up as necessary.</td>
</tr>
<tr>
<td></td>
<td></td>
<td>▪ Conduct periodic spot checks to ensure compliance.</td>
</tr>
<tr>
<td>Purchase card accounts with many transactions at or near the cardholder’s single purchase limit</td>
<td>This could be an indicator that purchases are being split in order to bring them under the cardholder’s limit.</td>
<td>▪ Review cardholder transactions for suspicious purchases and follow up as necessary.</td>
</tr>
<tr>
<td>Purchase card accounts where the individual transaction amounts are significantly below the cardholder’s single purchase limit</td>
<td>This could indicate that the cardholder has greater purchase authority than they require for their typical purchases.</td>
<td>▪ Consider reducing the cardholder’s purchase limit consistent with their purchase needs.</td>
</tr>
<tr>
<td></td>
<td></td>
<td>▪ When establishing new card accounts, ensure that single purchase limits reflect actual needs rather than automatically defaulting to the micro-purchase limit.</td>
</tr>
<tr>
<td>Inactive cards (except for emergency cards issued under COOP)</td>
<td>Cards with little or no activity over a 18 month period are considered inactive. Cards that are issued solely as a backup card for another cardholder are prohibited.</td>
<td>▪ Conduct review of inactive cards semi-annually and cancel cards that are no longer required.</td>
</tr>
<tr>
<td></td>
<td></td>
<td>▪ Cardholders cannot have an AO who is organizationally below them (e.g., AO cannot oversee a cardholder who is the AO's supervisor).</td>
</tr>

## Purchase Card Risk Factors

<table>
<thead>
<tr>
<th>Risk Factor</th>
<th>Description</th>
<th>Recommended Risk Reduction Methods</th>
</tr>
</thead>
</table>
| Purchase card transactions during emergencies or other contingencies       | Purchase card transactions occurring during emergencies (natural disasters, biological, radiological, chemical, health-related, etc.) pose a higher risk.                                                                 | • Use servicing bank’s data mining tool to separate, track, and identify all card purchases in support of emergency operations for anticipated reporting requirements to Congress, GAO, IG, etc.  
   • Ensure AOs and cardholders are advised of any changes to purchase card procedures or changes to authority levels as a result of the emergency.  
   • Conduct spot checks during the emergency for compliance, and post-event reviews of transactions.  
   • Ensure AOs and cardholders are promptly alerted when the emergency is over and any special emergency procedures or authorities revert to normal. |
| AOs with a span of control of seven or more cardholders                     | As an AO’s span of control and monthly transaction review increases, the risk of failure to identify improper purchase transactions increases.                                                                  | • If problems due to workload are identified during the annual review, consider reducing the span of control by training and appointing additional AOs as necessary.  
   • Conduct more frequent spot checks or surveillance of AOs with spans of control of seven or more. |
| APCs with a span of control greater than 350 AOs and cardholders           | APCs with more than 350 AOs and cardholders assigned to them may find it difficult to adequately carry out their program oversight role effectively, thereby increasing risk.                                               | • HCOs should monitor APC spans of control and establish additional APCs as warranted.  
   • APCs should review the agency oversight and surveillance process and risk reduction approach for adequacy, and recommend any needed improvements. |
| AOs or cardholders that have had previous instances of misuse              | AOs and cardholders that have violated procedures in the past may have a higher risk of future violations.                                                                                                       | • Increase surveillance and spot checks to ensure compliance.  
   • Cancel cards for cardholder repeat offenders, or train and assign new AOs for repeat AO violations. |

<thead>
<tr>
<th>Risk Factor</th>
<th>Description</th>
<th>Recommended Risk Reduction Methods</th>
</tr>
</thead>
</table>
| Convenience check users                        | Convenience checks pose a greater risk of misuse because they have fewer controls over their use. | • Conduct more frequent spot checks for convenience check users.  
• Ensure that convenience checks are adequately safeguarded and transactions are properly logged and identified.  
• Review convenience check usage and cancel checks for users that no longer require them. |
| Cardholders who are a higher grade than their AO | This situation is discouraged, and AOs should be at an equivalent or higher grade level. However, when organizational circumstances prevent this, there is a higher risk that the cardholder may exert undue influence over the AO’s actions due to the disparity in grade or position. | • Increased surveillance of cardholder transactions.  
• Conduct spot checks of AOs and cardholders to ensure compliance with policies and procedures.  
• Immediately suspend card if abuse or misuse is observed. Report abuse or misuse to the IG. |
| Cardholders who are physically or geographically removed from an office environment or their AO | Cardholders whose duties require them to be “on the road” or to operate outside of a typical work environment may pose a higher risk of card abuse or misuse. | • Increased surveillance of cardholder’s transactions with follow-up of questionable purchases. |
| AO absence                                      | The cardholder’s AO is absent due to leave, illness, temporary assignment, etc. This situation may lead to improper purchases if cardholder believes transactions will not be reviewed by a trained AO. | • APCs should temporarily assign cardholders to another AO to review transactions.  
• AOs should notify the A/OPC when an absence of more than 30 days is expected. |

APPENDIX I – ENTRANCE AND EXIT CONFERENCE PURCHASE CARD MANAGEMENT REVIEWS

[INSERT LETTER HEAD]

MEMORANDUM FOR: __________________________
Program Manager

FROM: __________________________
Head of Contracting Office

SUBJECT: Entrance and Exit Conference for Annual Purchase Card Reviews

The [insert program office] will be conducting a management review of purchase cardholders and convenience check writers in the various components of the [insert program office name]. Routine departmental reviews are conducted to minimize risk in exposing the agency to instances of fraud, waste, and abuse. These reviews will be conducted beginning on [insert date] and continue through [insert date].

Your office will be provided advance notice of the scheduled review. We will offer an entrance conference to discuss the review, a briefing of the conclusion and a copy of the final report of findings and recommendations. As appropriate, offices will be requested to develop a corrective action plan for any significant findings which will be implemented in [insert FY].

We recognize the value of efficiencies realized through the use of the purchase card. We believe that this review, in addition to identifying any areas of concern, will also enable the Department to identify common problems that can be rectified through additional information being made available to cardholders and will help to identify opportunities for strategic sourcing that will be available to all DOC offices.

It is requested that this memorandum be shared with the individuals within your organization who are either purchase cardholders or approving officials for cardholders. A list for your organization is attached.
