PROCUREMENT MEMORANDUM 2009-12

ACTION

MEMORANDUM FOR: BUREAU PROCUREMENT OFFICIALS
HEADS OF CONTRACTING OFFICES

FROM: Helen Hurcombe 
Senior Procurement Executive
And Director, Office of Acquisition Management

SUBJECT: Tracking and Oversight of Contracts with Award and
Incentive Provisions

Background

The use of incentive and award fee/term provisions can provide significant benefits to the agency if utilized and managed appropriately. As well, use of these provisions requires a greater level of oversight and vigilance on the part of the Contracting Officer and the Contracting Officer's Representative. Problems associated with the use and execution of these contract provisions have been the topic of numerous Government Accountability Office (GAO) and Office of Inspector General (OIG) reports and are of interest to Congress.

The Federal Acquisition Regulation (FAR) (Subparts 16.4 and 16.5), the Commerce Acquisition Regulation (CAR) (Subpart 1316.4), Procurement Memorandum 2008-03 and the Office of Federal Procurement Policy (OFPP) Memorandum, *Appropriate Use of Incentive Contracts* (December 4, 2007) provide guidance on the use and administration of contracts with award and incentive provisions.

Based on the number of reports and inquiries received regarding usage of award and incentive provisions in Department of Commerce contracts, the Office of Acquisition Management (OAM) has been directed to establish a process to identify, track and oversee such contracts.

Purpose

The purpose of this Procurement Memorandum is to establish procedures to identify, track and oversee acquisitions which include award fee, award term and incentive provisions.

Applicability

This policy applies to all contracts containing award fee, award term or incentive provisions regardless of dollar value.

Required Actions

▪ **Acquisition Plans and Review Boards**

Consistent with the requirements of Procurement Memorandum 2008-03, the intent to utilize provisions for award fee, award term or incentive provisions in any acquisition regardless of dollar value must be addressed in the associated acquisition plan and must be presented to the appropriate Departmental review board. Specifically:

- Acquisitions over \$75,000,000 (or those below this threshold specifically designated by the Deputy Secretary) must be submitted to the Department of Commerce Investment Review Board for review.
- Acquisitions between \$10,000,000 and \$75,000,000 must be submitted to OAM for a paper review.
