Veteran's Day is November 11

Security Awareness for Trick or Treating

Halloween is a fun time of the year for kids, but it is no fun to get hurt. Take some time to make sure that your kids have a safe, healthy and fun Halloween. Then, when you do head out trick or treating, be sure you have chosen the right neighborhood.

No one should Trick or Treat alone.

Young children should go with an adult.

Never go inside a house or apartment without an adult.

Only visit houses where the lights are on.

Carry a flashlight or a glow stick so that you can see and be seen.

Items of Interest

Carpool Recertification- The annual carpool re-certification will be underway. All employees who wish to continue carpooling and those who want to participate must complete a new carpool application (BC-790A). Please return the application to building 66, room 110, no later than 14 November 2011 to avoid suspension of your carpool privileges.

Daylight Savings Time— Daylight Savings Time ENDS on Sunday, 6 November 2011. Remember to set your clocks back 1 hour and take the time to change the battery in your smoke detectors. If you need a smoke detector, check with you local Fire Department. They sometimes give smoke detectors away. A working smoke detector more than doubles a persons chances of surviving a home fire.

Parking Lot Safety- Everyone is reminded that at this time of year it is still dark when we arrive at work and caution should be taken when we are walking across the lots. You should be sure that you are not exceeding the 15 MPH speed limit. You may also want to carry a small flashlight.

Our Thanks- The Office of Security would like to express our thanks in making our 8th Security/Safety Awareness Day and the 18th Health Fair a huge success. All of our vendors expressed their excitement about the large turnout of employees for this event.
